# PREPARATIONS ARE MADE BY LEADERS OPENING SESSION

Speaker Gillett Nominated by Republicans  
—Representative Kitchen Will be Democratic Leader—Drop Suffrage and Liquor  
Traffic Committees from the Roster.

(By The Associated Press)  
WASHINGTON, April 9.—Republicans and Democrats, meeting separately, put things in shape today for the organization of the house of representatives at noon Monday. Speaker Gillett nominated by the Republicans will be opposed by Representative Kitchen, Democrat, North Carolina. Mr. Gillett will be re-elected and Mr. Kitchen will become Democratic leader. In the new house the Republicans have 301 members and the Democrats 131.

Back after a long rest Mr. Kitchen said he felt physically fit to carry on his work as minority leader, but at his request Representative Garrett, Tennessee, was named as acting leader.

At their final caucus, Republicans ratified the action of the committee on committees and adopted the report on standing committee assignments.

The action of the general committee in giving representation to labor and agriculture on the standing committee was approved. Representative Nolan, California, who holds a union card, and Representative Anderson, Minnesota, long active in urging legislation designed to aid the farm industry, were added to the committee with Representative Greene, Vermont, who succeeds Chairman Winslow of the interstate commerce committee. Other members hold over.

**Democrats Have One Fight**  
The only fight in the Democratic caucus was for a place on the ways and means committee, which went to Representative Tague, Massachusetts, who defeated Representative Hayden, Arizona.

Representative Mondell, Wyoming, Republican leader, and Representative Knuteson, Minnesota, Republican whip, will serve in, having been re-elected.

Republican committee assignments, aside from those already published, showed many changes. Seven new members were placed on the agriculture committee, which will report out the packer control bill. They are: Williams, Illinois; Sinclair, North Dakota, the only non-partisan Republican in the house; Hays, Missouri; Thompson, Ohio; Gerard, Pennsylvania; Clague, Minnesota, and Clarke, New York.

Representative Robertson, Oklahoma, the only woman, was put on Indian affairs, as she desired.

Two committees were expected to be dropped, woman suffrage and alcoholic liquor traffic, need of which it was said had passed, were continued.

Representative Mann, Illinois, retired as chairman of the former and returned to his old status as a house free lance, without assignment.

Representative Nolan was made chairman of labor and Representative Knuteson chairman of pensions.

The census committee, which much must prepare a bill for house reapportionment, has three new members, Brady, Maine; Faust, Missouri; and Wyant, Pennsylvania.

## CHAIRMAN GOOD WILL INTRODUCE NEW BUDGET BILL

Will be the Same in Main  
Essential as One Vetoed by Wilson

## THE IMPORTANCE OF BUDGET IS SEEN

(By The Associated Press)  
WASHINGTON, April 9.—The budget bill which Chairman Good of the house appropriations expects to be introduced Monday when congress convenes will be the same in essentials as the measure passed by the last congress and vetoed by former President Wilson. It will provide however, for a budget bureau with both its director and assistant appointed by the president, Mr. Good said today after a conference with President Harding.

The vetoed bill contained a provision inserted by the senate that the director should be the secretary of the treasury with an assistant appointed by the president. The bill as completed today, Mr. Good said would stipulate that congress shall have authority to remove the comptroller of the currency from office.

Mr. Good said he expected the senate again to insist that the secretary of the treasury direct the activities of the budget and predicted that a bill containing such a provision would be introduced in the senate.

Chairman Good said President Harding was impressed with the importance of inaugurating a budget system. The budget bill will be given a place near the top of the legislative calendar with a view to having it enacted at an early date, Mr. Good said.

# WORLD FINANCIAL CONDITION SHOW NO IMPROVEMENT

Reports from all Parts  
of World Show Business is Poor

## AMERICAN IMPORTS SHOW REDUCTION

(By The Associated Press)  
WASHINGTON, April 9.—Financially and economically, the world situation improved but little in March, with few signs of better conditions to come, according to cables summaries for the month received today by the bureau of foreign and domestic commerce from its trade commissioners and commercial attaches abroad. In Europe, tight money, unemployment and unsatisfactory industrial and shipping conditions were in evidence, while some declines in prices and slight revival of building activities were noted. In the East, the situation was described as somewhat easier, while in South America conditions were reported as practically unchanged.

Commercial Attache Dennis reported that the business depression in Great Britain had increased, owing to the prospective failure of an early settlement with Germany of the reparations question. The Russian trade agreement is not expected appreciably to benefit business, he added, and traders are holding off to insure assurance as to the legality of payment.

## Imports Show Reduction

American imports into France continue to show marked reductions, Commercial Attache Huntington, at Paris, said. Unsettled European conditions, the unsatisfactory result of the reparations conference and the refusal of Germany to pay installments due on account of reparations, contributed to a dull financial market. The situation also was described as influenced by the question of the Upper Silesian plebiscite, the British coal strike and the situation in Hungary.

Government expenditures are exceeding receipts in Germany, Howard W. Adams, representing the department of commerce in Berlin, cabled. He added that higher taxation seems probable. An increased flow of German capital into Austria is apparent to Mr. Upson, the department's representative in Vienna. Anxiety is felt in the Scandinavian countries as to the future developments in Russia and Germany.

Foreign investment capital, directed largely to railroad improvement, is coming into China, Commercial Attache Arnold, at Peking, reported. An increased flow of British, Japanese and Belgian capital is noted, he said. The money situation is easier in Japan. Commercial Attache Abbott of Tokio, declared, adding that some progress was being made toward deflation.

## LABOR PREPARING TO FIGHT WAGE CUT

(By The Associated Press)  
NEW YORK, April 10.—Organized labor in Greater New York today began to concentrate its forces to fight the use of injunctions by employers in labor troubles. The executive committee of the Central Trades and Labor Council, representing approximately 800,000 union workers, at a conference addressed by President Gompers, of the American Federation of Labor, decided to give its support to the movement to fight in the courts against the issuance of injunction forbidding picketing.

It is understood the best legal counsel possible will be hired and the full resources of the American Federation of Labor will be placed back of the fight.

Union leaders said that the referendum vote probably would be taken by the various local unions Sunday, April 11. The present agreement expires May 11.

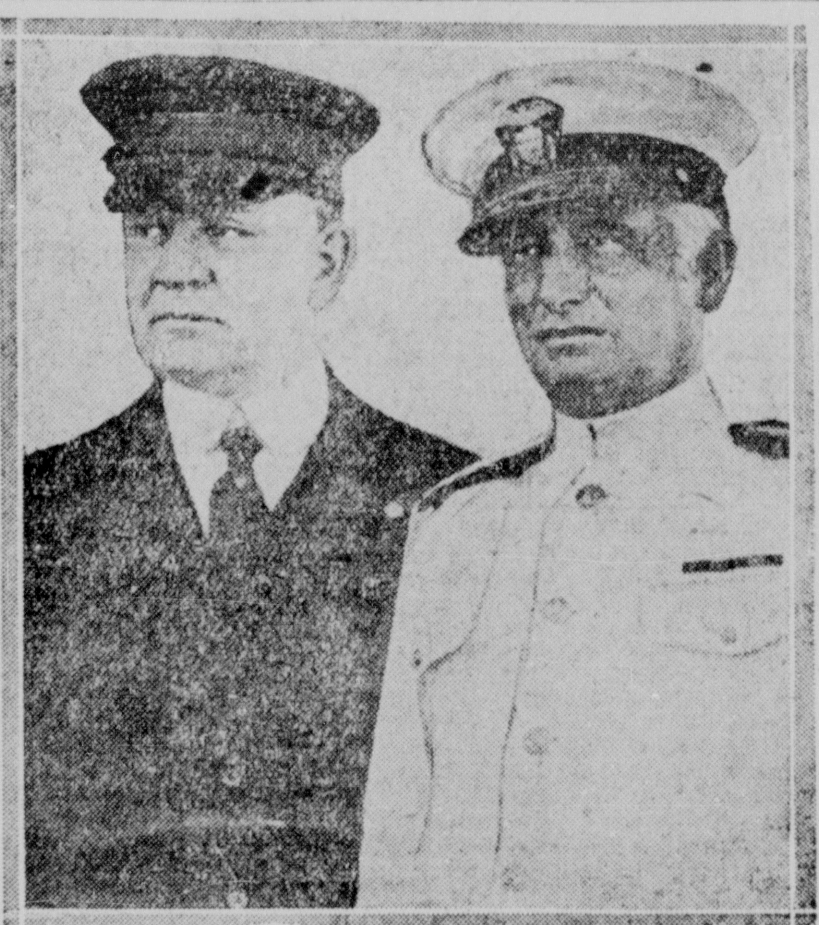

A new agreement was proposed to the unions, to be made as the termination of the present contract, providing for a nine-hour day, discontinuance of overtime, 30 per cent reduction in wage scales, allowance for a readjustment of these scales upon notice of either party up to May 15, 1922.

## NEW YORK CENTRAL EMPLOYEES TAKE ACTION

CLEVELAND, O., April 9.—Thirty thousand clerks, freight handlers, express and station employees of the New York Central subsidiary lines have organized a central association with headquarters here, for concerted action in opposing wage reductions approximating 18 per cent and the abrogation or annulment of existing national agreements, as proposed by the railroad company.

## GRANITE CITY STATION IS ROBBED

GRANITE CITY, Ill., April 9.—A pouch of unregistered mail and five bags of parcels were stolen from the baggage room of the Chicago and Alton railway station early today. The value of the contents has not been determined. Entrance was gained to the room by forcing a rear door.

# BILL BY CAPPER PLANS TO STOP GRAIN GAMBLING

Will be Introduced at  
the Next Session of  
Congress

## MEASURE ALSO HITS COTTON GAMBLING

(By The Associated Press)  
WASHINGTON, April 9.—An anti-grain gambling bill will be introduced in the new congress by Senator-Capper and Representative Tinch, both of Kansas. The measure, Senator Capper announced today, will be similar to the bill which failed in the last congress, but will have a few amendments designed to meet objections to the former bill and which, Senator Capper said, would not penalize legitimate speculation of "hedging." The new bill will apply to cotton as well as grain.

"As revised," said Senator Capper, "the bill, I believe meets the approval of the legitimate grain and milling interests. It already has the approval of all the great farm organizations. The revised bill according to Senator Capper would place grain exchanges under the bureau of markets with authority to regulate boards of trades, regular boards of trades, and the activities of the private wire houses, where '95 per cent of the real gambling is done.'"

## POSTAL EMPLOYEES TO HEREAFTER BE ARMED

Department Will Offer Reward  
of \$5,000 to Any Person Bringing  
in a Mail Robber.

(By The Associated Press)  
WASHINGTON, April 9.—Postal employees will hereafter be armed and rewards given for apprehension of mail robbers. Postmaster General Hays today sent out an order posting a standing reward of \$5,000 for "any postal employee or other person who brings in a mail robber."

The order further provided for the arming of essential men in the service. "Mail robberies must stop," Mr. Hays said following a conference today with Rush D. Simmons, newly appointed chief inspector and with other members of the department's police organization.

"We are going to use every power available to do this no matter how drastic. The west knows how to handle these criminals, just as they used to in the old Wells-Fargo days."

## CITY COMPTROLLER REFUSES TO ACCEPT MONEY

CHICAGO, April 9.—The city comptroller today refused to accept from the two street car companies approximately \$3,500,000, the city's share of the transportation concerns' receipts last year. The money was refused on the grounds that acceptance might jeopardize the city's fight on eight cent car fares.

## NEVER AGREED AS BODY TO 44-HOUR WEEK

CHICAGO, April 9.—The United Typothetae of America, as a body, has never agreed to the introduction of the 44-hour week in the printing industry, according to a statement issued today by the executive council of that body, in session here.

# WILLIAMS FOUND GUILTY; IS GIVEN LIFE SENTENCE

Placed in Jail to Await  
Result of Appeal for  
New Trial

## MERCY IS ALSO RECOMMENDED

(By The Associated Press)  
CONVINGTON, Ga., April 9.—Convicted of murder in connection with the Jasper county peonage cases and sentenced to life imprisonment, John S. Williams, plantation owner, was taken to Atlanta today to await in jail action April 30 on his motion for a new trial.

Williams before leaving here expressed confidence that he would be cleared of the murder charge on which the Newton grand jury found him guilty with mercy recommended. Will Indict Others.

The conviction of Williams in Newton county brought from Solicitor General Campbell of Jasper county, where eight of the bodies of negroes involved in the peonage investigation were found the statement that indictments against Williams, three sons and Clyde Manning, his negro foreman, on charges of the murder of fourteen negroes would be sought at the grand jury investigation beginning Monday at Monticello.

Solicitor General Campbell stated he had evidence indicating that in addition to the eleven negroes whose bodies were found in Jasper and three in Newton county, at least three others were killed and their bodies thrown into a pond.

"The law abiding citizens will show to the world they believe in law enforcement," Solicitor Campbell said. "A number of citizens are involved and we have evidence sufficient to indict six or seven."

## THIRTY SIX FOUND GUILTY OF CONSPIRACY

(By The Associated Press)  
MACON, Ga., April 9.—Verdicts of guilty on all five charges of the indictment were returned in federal court today against 36 persons accused of conspiracy to rob the American Railway Express company of property valued at one million dollars.

Four of the sixty-four persons indicted were never arrested; nine were found not guilty; nine verdicts of not guilty were directed by Judge Evans, five pleaded guilty and one case was not pressed.

## FORMER GOVERNOR TO QUESTION HARRIS

New York, April 9.—Former Governor Whitman announced tonight that he will go to Buffalo tomorrow to interrogate Roy Harris, who "confessed to police that he and an accomplice were hired by a woman to murder Joseph B. Elwell last June. Whether Harris will be brought to New York and detained in connection with the Elwell case will depend largely, it was said today, on the result of the interrogation.

# SETTLEMENT OF ENGLISH STRIKE MAY BE IN SIGHT

Triple Alliance However,  
Will Remain  
in Session

## GOVERNMENT READY TO TALK WAGES

(By The Associated Press)  
LONDON, April 9.—The strike of the coal miners which threatened to carry with it a general strike of the railway men and transport workers, seems now to be in a fair way of settlement thru negotiation. The dispute has been fruitful of surprises and another came tonight, when after conferences and interviews between the parties concerned lasting all day, it was suddenly announced that the miners had yielded and that a conference with the coal owners has been convened for Monday, while notices were sent to the mining districts urging absence from any action that would interfere with necessary measures for the safety of the mines.

The only explanation available as to what inducements were offered the miners to assent to steps assuring the safety of the mines is the somewhat cryptic statement of Frank Hodges, secretary of the miners' union—unconditionally.

Arthur Henderson, the labor leader, who is in close touch with all the negotiations was tonight full of confidence that there will be no general strike Tuesday.

Will Remain in Session.  
The triple alliance will remain in permanent session during the negotiations, in order if necessary, to give effect to their decisions.

Concerning the probability of a settlement, the press association says: "There is definite hope that the negotiations will proceed smoothly and that not only will active intervention by the railwaymen and transport workers be averted, but that the miners' stoppage will be ended. The early return of the pumpmen is possible."

During the day it was reported that provided the pumping difficulty could be surmounted, the government was not averse to negotiating the wage question on a national basis, as claimed by the miners. It is not certain that the government will go that far with respect to wages.

The cabinet today sanctioned measures to ensure the safety of the mines and hatches of naval ratings were sent to Wales and Scotland to protect the volunteers and pumps, together with additional troops to aid the civil authorities in the maintenance of public order and essential national service.

## BRITISH STRIKE BENEFIT TO U. S.

NEW YORK, April 9.—The British miners' strike is driving foreign coal business to the United States, C. A. Owen, president of the Tidewater coal exchange announced tonight.

American wholesalers during the last week have received many inquiries for quotations from foreign buyers and are seriously contending for Europe's future business," he said. "Possibility of continuance of high prices for English coal because of the wage demands of the strikers, opens the field of competition to American producers."

## POSTAL SAVINGS SHOW BIG SUM

Washington, April 9.—Deposits in the United States postal saving system were approximately \$161,150,000 on April 1, the postoffice department announced today.

# JEFFERSON BANQUET SPEAKERS EULOGIZE DEMOCRATIC PARTY

Colby Says That World Needs Organized  
Peace and League of Justice—Hints That  
Democracy Holds the Recipe for Healing  
World's Afflictions—Dawn Approaching

(By The Associated Press)  
NEW YORK, April 9.—Organized peace and a league of justice will heal the world's afflictions, Bainbridge Colby, former secretary of state told more than 1,000 guests tonight at the annual Jefferson Day dinner of the National Democratic club.

"The great idea of an organized peace and of a league of justice," Mr. Colby said, "is today even greater than its builders dreamed. Almost hour to hour the wisdom of events which is often greater than that of men declares it to be the only solution of the world's perplexities."

"The Democratic party can afford to wait in patience and confidence. The dawn is approaching. The day is at hand when America will speak to her afflicted brethren thruout the world in the language of honor and justice."

## CHIPERFIELD IS FOR SQUARE DEAL FOR THE SOLDIER

Says It Cannot Be Obtained Except Thru  
Organization

## GENERAL BELL LOOKS TO FUTURE

(By The Associated Press)  
SPRINGFIELD, Ill., April 9.—"A point of view over the heads of our legislators," was urged of the members of the 33rd Division of A. E. F., who gathered here tonight for their reunion since demobilization. With this suggestion in their minds, speakers in the field of Canton the ex-soldiers deferred permanent organization, as had been intended and named a temporary group of officers to serve until a greater roundup, to be held this autumn in Chicago.

Four hundred veterans, who bore the emblem of the 33rd on the battlefields of France, were Colonel Chipperfield's hearers. They were gathered from all parts of Illinois. They seemed to approve his suggestion.

Square Deal for Soldier.  
Political power out for "selfish ends," but to see that "a square deal is given the soldier," was Colonel Chipperfield's idea.

"A square deal cannot be obtained without organization. The biggest mistake the American Legion made was deciding to keep out of politics."

Colonel Chipperfield paid this tribute to General Bell: "Illinois has had many generals," he said, "Grant, Logan and McClelland, but none stands out so brightly in the history of the state as General Bell who led this division to victory in France."

Preceding Colonel Chipperfield the general himself spoke. Making a plea for preparedness, he concluded with this advice: "Let us so prepare the ground that those who come after us shall permit no man again to make himself bigger than the constitution."

Other officers who spoke included Colonel Hackett, Captain Caskey and Adjutant General F. S. Dickson. The temporary officers selected to prepare for the permanent organization in Chicago were as follows:  
Chairman, Major B. M. Southwick of Springfield; vice chairman, Clifford Gaffney, enlisted man.

## PLAN TO PRESENT MEMORIAL TO RENE VIVIANI ABANDONED

Was Described as Being  
Friendly to President  
Harding

## ELECTION RESULT NOT A MANDATE

(By The Associated Press)  
WASHINGTON, April 9.—Several pro-league Republican supporters of President Harding representing the Western and Middlewestern states and New England, who had prepared a memorial to former Premier Viviani have abandoned the plan because a disagreement as to the wisdom of presenting the paper at this time arose when the New York signatures were being obtained.

The memorial is described by some of the originators as being very friendly to President Harding and as the "first approach to an authoritative statement of the pro-league Republican viewpoint and attitude since the election."

It declined to accept the election result as a mandate to enter a proposed new association, but rather as one to enter the league with the Lodge reservations, or such modification of them as changed conditions may require.

## WILL STUDY FOREST SITUATION

WASHINGTON, April 9.—Appointment by the United States Chamber of Commerce of a committee to study the forest situation was announced here today. The chamber meets in convention at Atlantic City, April 27 to 29, when the committee will outline its program.

### TUESDAY

#### CONWAY TEARLE, in "SOCIETY SNOBS"

Snobbishness is one of the most pernicious of human traits and one of the least excusable. The star of this story married beneath her, 'twas said. Her mother said, "What will people say," giving no thought of the man's true character or her daughter's future happiness. You will appreciate the farce of this picture.

Admission 10c and 5c—Plus War Tax

### WEDNESDAY

The Most Realistic Western Character Player on the Screen Today—

#### HARRY CARY, in

#### "THE FREEZE OUT"

A stranger enters a Western town and announces that he is going to open a straight gambling house. Zoe Whipple, the girl, hates him for presuming to injure the community with another dive. Behind closed doors he installs a library and school instead of the gambling hall, winning the love of the girl.

Admission 10c and 5c—Plus War Tax

### THURSDAY

#### A Wonderful Sea Picture—An All-Star Cast, in "PARTNERS OF THE TIDE"

Adapted from the Great Novel by Joseph C. Lincoln. You will see a death-grapple beneath the waves, a full-rigged schooner sunk at sea, another sturdy craft destroyed by fire—intrigue, humor, heart-interest, and a charming love tale. These are the elements woven into this master production.

Admission, All Seats, 15c—Plus War Tax

The Shonts will case which occupied so much newspaper space a year or two ago because the deceased railroad financier left the greater part of his estate to a woman other than his wife, has been settled out of court. It is unfortunate that the same procedure has not been adopted in the Stillman case.

The authorities at the University of Illinois in asking for largely increased assessments for the university declare that the tax rate in Illinois is much lower than in other states. This statement may make the Illinois tax payer feel happier, but somehow he would like to see the tax receipts of his fellow citizens in the nearby states to which the university men refer.

President Harding will insist that federal aid shall not be given to road building, except in states where provision is made for the maintenance of the road. This is certainly a sensible restriction for much of the original funds invested in road work will be wasted unless there is proper maintenance provision.

In Morgan county there are examples of roadways, improved in grading and draining at large expense, but because of lack of maintenance the original investment has been practically lost.

#### BEST BIDD MORE MAINS.

It will not be many weeks before the water which flows thru the mains of Jacksonville will be safe for drinking purposes. This will be a boon to citizens and will mean a saving in many homes, where it is now necessary

to purchase water in order to have a safe supply. With this condition and plenty of pure water there are certain to be requests for water main extensions and it is one of the problems of the future which city officials must solve, how these mains can be provided with reasonable expenditure.

Jacksonville is not going to have a meteoric boom on account of this pure water supply, but that supply is going to mean certain and steady growth.

A local committee will carry out suggestions of Gov. Small and the department of health in having a health week program in Jacksonville. Just what is proposed to do appears in an article in another column. Health week can be of real value to the community, impressing as it will that thru community effort much can be done in the increasing of healthful conditions for the individual.

#### MISS MOUNT QUALIFIED FOR CITY CLERKSHIP

Miss Genevieve Mount is the Republican candidate for city clerk in the election which will soon be held. Miss Mount after taking a business college course, has had a number of years book-keeping and clerical experience. As chief clerk for the Morgan county exemption board Miss Mount during the war time met difficult duties with such unusual ability that the members of the board greatly valued her services. There can be no question as to the competency of this young woman to meet the duties of the city clerk's office, if she is elected to that position Tuesday, April 19.

#### THE TABLET AT THE WATER PLANT

Out at the new water plant in one of the walls is a metal tablet which bears the names of the present mayor and aldermen of Jacksonville, together with the name of the engineer who designed the plant and the contractor who built it.

When the mayor of Jacksonville saw the plate recently for the first time he asked where it came from and learned that it has been presented to the city by the contractor. The mayor asked the engineer to express appreciation to the contractor and at the

same time to arrange for the removal of this tablet. "The water project was begun under a former administration," he said, "and it's accomplishment was made possible only thru the co-operation of citizens and city officials. The completed plant today stands as a monument to the work-together spirit of the people of Jacksonville."

This incident indicates the spirit of Mayor Crabtree, who has no opponent in the election Tuesday, April 19. In his thoughts public service is uppermost without an idea of personal aggrandizement, monetary gain or political power.

Possibly at some later time a committee of citizens may decide upon the wording of a tablet to be placed on the walls of the water plant, but it is safe to say that it will not lay emphasis upon the work of any one person or any small group of individuals.

#### USURPATION OF POWER.

A decision of the Federal Courts holding that the Postmaster General has no authority to exclude a publication permanently from the mails because one issue of it contained objectionable matter, together with a suit for damages that has now been brought against the former Postmaster General by the injured publisher, serves to emphasize the seriousness of the usurpation of governing power by departments or bureaus," declares the Republican Publicity Association.

"Almost coincident with this decision and the filing of the damage suit came the admission by attorneys of the Wilson administration that they collected under erroneous rulings income taxes that will aggregate not less than \$100,000,000, and possibly many times that amount. These taxes collected unlawfully by a Democratic administration must be repaid under a Republican administration. Taxpayers will receive some measure of reimbursement in the repayment of the money but that will not entirely recompense them for the injury they have suffered. The Government will refund only the actual cash collected; the taxpayer is out the amount he could have earned if he had kept the money in his business. The Supreme Court recently upheld the Internal Revenue Bureau in some of its rulings but attorneys admitted they were not entitled to a decision in the matter to which severance has just been made.

#### COAL PRICES

We are advised by the mine owners that the prices on coal they are now making are the lowest of the season and that there will be advances from month to month until late in the fall. The present retail prices are: Springfield coal, \$6.50 per ton; Cartersville coal, \$7.50 per ton. We advise early buying.

## MORE HARD ROADS CASS COUNTY THIS YEAR

County Commissioners to Extend Chandlerville - Beardstown Hard Road 1,000 Feet This Year—Other News From Virginia and Neighborhood.

Virginia, April 9.—The Chandlerville-Beardstown hard road will be extended about 1,000 feet this year, according to resolutions recently passed by the board of county commissioners.

Mr. and Mrs. John Baker and Mrs. Alice Stockton of Jacksonville motored to this city Sunday, the latter remaining for a visit with friends.

Mrs. Arthur Leeper has completed a visit at the home of her daughter, Mrs. M. P. Scott, in Clinton and returned to her home in this city.

Mr. and Mrs. Edward Munson and sons of New Berlin were recent guests of relatives in this city.

Mr. and Mrs. Arthur Silker and children of Chesie, Neb., arrived in this city recently, making the trip overland. Their household goods arrived a few days before, and the family is now located in the residence of the late W. E. Gibson in Depot street.

Mr. and Mrs. Willis Haire completed a visit with Mrs. Haire's father, D. D. Wilson and daughter, Miss Ella, and left Monday for their home in Denver, Colo.

Miss Mary Devlin has accepted a position as linotype operator for a Lewistown paper and left Wednesday for her new location.

Mrs. R. D. Staley of Nashville, Iowa, was the guest of her uncle, J. W. Garner and family this week.

William McConnell, a former Virginia young man, and Miss Ida Tucker of Peoria came to this city and were united in marriage at the home of Rev. M. M. Hughes. They were accompanied by the groom's mother, Mrs. John McConnell, and brothers, Henry and Edward McConnell.

Miss Floy Crawford who has spent the past year teaching near Galesburg, arrived here to spend the summer vacation with relatives.

Mrs. Noah Thompson remains quite ill at the family home south of town. Her sister, Mrs. Walter Pfeil, of Arenzville is attending the week at her bedside.

The family of John Vanniter is quarantined on account of smallpox, the son, James, being ill with the malady.

Mrs. Earl Ivey and infant of Denver, Colo., arrived here recently and are guests at the home of J. N. Ivey and family.

Funeral services for the late James Morgan were conducted at the M. E. church in this city at 2 o'clock Sunday, April 3, with Dr. A. A. Luce in charge. Mr. Morgan was a former resident of this city, having gone to Denver for the benefit of his health some years ago. He is survived by his wife, who was formerly Miss Amanda McDaniels; also a twin sister, Mrs. Arthur Allison of Montana, and other relatives.

Burial was made in Walnut Ridge cemetery.

Stuart Reid and daughter, Miss Emma Sue, have returned from a visit with the former's parents, Mr. and Mrs. Duncan Reid, at Pana.

Mr. and Mrs. James Deffin were Springfield visitors Tuesday.

For loans on high class land call or write Charles McLamar, Franklin, Ill.

#### HAD PART IN PROGRAM AT FRANKLIN FRIDAY NIGHT

In the account of the play presented by the Franklin high school seniors Friday evening, it should have been mentioned that Miss Dorothea Sargeant gave a number of piano selections between the acts. Miss Sargeant is a musician of more than usual talent, and her contribution to the success of the evening was by no means small.

#### MARKET AT WOODSON

The ladies of the Golden Rule Bible class of the Woodson Christian church held a market Saturday at the old postoffice building. A fine lot of eatables made up there offering, the ladies clearing something more than \$30.

A production that shows the remarkable emotional powers of Miss Frederick at their highest peak. The story of a wife who thought herself inadequate. Depicting the vivid outpouring of a woman's soul and who was loved less than her husband's dog. A Pauline Frederick triumph.

## WHAT YOU WILL SEE

Pauline Frederick in one of the greatest roles of her triumphant career.

A woman who realized that she had never been a competent and adequate wife.

How two women, one of high and the other of low degree, met the news that their husbands had been killed.

Some of the most glorious scenery ever photographed.

How a couple cut off by the tide, had to climb precipitous cliffs to reach safety—and love.

The quaint old English inn on the wild rocky Cornish coast.

How an inadequate wife proved herself to be worthy of a great love.

The Dickensian characters still to be found in odd corners of rural England.

Her husband left her as Mistress of Shenstone. She had learned to love another, but as Mistress of Shenstone her husband would find her on his return.

## WHITE SAYS THAT DEMOCRATIC PARTY TO HELP HARDING

Says Administration Needs the Help of All Citizens

### PARTY WILL MOBILIZE IN EVERY STATE

(By The Associated Press)

WASHINGTON, April 9.—George White, chairman of the Democratic national committee, is conferring with the Democratic leaders on the eve of the special session announced today that aside from purely organization activity the efforts of the national committee would be intended to be helpful to the president.

He added he was sure that the administration "with its manifold and conflicting obligations" would need the help of all.

"I am deeply gratified," said Mr. White at the record which has thus far been made by our late political enemies in that they have endorsed the policies of the preceding administration which they formerly so bitterly assailed by words.

"To express this gratitude we renew our pledge to refrain from partisan machinations to harass and obstruct and reassert our purpose to aid in every proper effort for the nation's welfare.

The minority in congress will help build constructive legislation but will of course resist attempts to destroy good laws simply because they had Democratic inception."

Mr. White said that for the time being the activity of the Democratic committee would be confined to the mobilization of Democratic forces in every state.

ELECTION IS HELD AT WINCHESTER SATURDAY

William Wainwright and Albert Krueger Elected for Three Year Terms as Community High School Board Members—Other Winchester News.

Winchester, April 9.—A community high school election was held Saturday for the purpose of choosing two members of the board. The election resulted in the choice of William Wainwright and Albert Krueger, both of whom are to serve three year terms. The vote was as follows: William Wainwright, men, 203, women, 74; Albert Krueger, men, 216, women 77; Dr. William O'Reilly, men, 49, women, 25. In precinct No. 1, Bloomfield district, there were 36 votes cast for both William Wainwright and Albert Krueger.

Mrs. E. D. Ruark is seriously ill at the home of her daughter, Mrs. W. W. Mosher.

Mrs. Frank Sherrer and daughter Evelyn left Saturday for Beardstown for a short visit with relatives, her father being quite ill.

Mrs. Mary Birk arrived home Friday from Mattoon, where she has been spending the winter with her daughter, Mrs. William Gaslin and family.

The meetings are still in progress at the Christian church and a great deal of interest is being shown. A reception was held for new members Friday evening, and during the evening hour refreshments were served.

The name of Miss Marion Miller was omitted thru error from the list of those who went to White Hall Friday to act as judges in a contest in music and declamation.

Hear Mrs. LaMance speak this afternoon at 3 o'clock at Grace church. Subject "Why Girls Go Wrong." All women invited.

MR. NICHOLS STRONG FOR ARIZONA Tombstone, Arizona April 5, 1921.

Editor Journal:—

I see a Kissimmee, Florida, paper is criticizing my remark that I was glad I came to Arizona instead of Florida as I had been informed that the weather down there had been unusually cold and damp. I had that information from four different sources. I didn't mean to intimate that because it was stormy in the east that it was bad in Florida, but I did state the exact truth that I had been several times informed regarding the weather down there.

No one is foolish enough to deny the heat in Tucson in summer but in this locality it is proverbially pleasant the year round I am told by those who have lived here a long time. I can testify to what it has been since the forepart of January, pleasant, hot rather dry for farmers.

I surely have no desire to run down Florida for I have no grudge against it, but I have told the truth, or a small part of the desirable facts, regarding this locality, and merely mentioned what I had heard from undoubted veracious authority regarding Florida.

Truly,  
S. W. NICHOLS.

### BOLSHEVIK ARMY BEING FORMED TO KEEP CONTROL

Will Enforce the Dictates of the Third Internationale

ECONOMIC POSITION GROWING WORSE

(By The Associated Press)

RIGA, April 9.—A new international army is expected to be the basis of a huge force to be available ultimately to enforce the dictates of the third internationale in Russia, replacing the old red army, according to information from authentic sources. It numbers more than 100,000 carefully selected communists who participated in the first actions at Kronstadt.

This force is said to be the only one on which the bolshevik leaders can actually count for an effective action, as the demoralization of the old army is spreading rapidly. It is even declared that a number of German Spartacists have joined the new army to receive training for future employment in Germany. There is no sign of any immediate offensive campaign, the soviet apparently depending for the present on its propaganda directed toward fomenting strikes.

A Lettish investigator who has just returned from Russia reports that the bolshevik are stronger politically in the interior since the Kronstadt affair, but economically their position constantly is becoming worse and he looks for a food crisis in June.

### CHICAGOAN WHO POSED AS PRESIDENT'S COUSIN

### WASHINGTON IS TRYING TO DEFINE O'CALLAGHAN STATUS

State and Labor Departments Have Hard Nut to Crack

NO RECOGNITION AS POLITICAL REFUGEE

WASHINGTON, April 10.—Efforts were made today by the state and labor departments to define the status of Donald O'Callaghan, lord mayor of Cork, who is in the United States without a passport. The papers in the case, with recommendations which underwent several changes, shuttled back and forth all day between the two departments.

Close of office hours found them enroute by messenger to the state department, with the latest suggestions by Secretary Davis.

O'Callaghan arrived a stowaway. Ruling of former Secretary of Labor Wilson permitted him to remain as a seaman, with orders to reship to a foreign country within 20 days. This period was extended by the state department shortly before the close of the Wilson administration, to allow the mayor to present a claim for asylum as a political refugee.

The state department recently indicated that the political refugee claim would not be recognized. A labor official said today that his department did not accept responsibility and the matter of jurisdiction was understood to have been the basis for the numerous interchange of communications today.

## Cook With Gas

"Cook with Gas," is a slogan as old as the use of gas, but is an amazingly good injunction as could be testified to by the millions of gas range users.

This is the season when one begins to consider a cooler, pleasanter kitchen—abandoning the coal stove for the gas. The many reasons in favor of gas over coal or wood, particularly in warm weather, need no repetition, but we do repeat our invitation to you to call and see our large display of beautiful, practical gas ranges.

Never have we had so complete a stock, nor have we been so well situated. Our big, light display room on the north side of the square affords opportunity to show the various ranges in a manner that will enable you to more rapidly decide on the size and style best suited to your needs.

## Engineering Skill of the World

Put this question squarely to yourself: Does any other car embody such an array of proven units? Check up the quality of the Moon unit by unit and see how the question answers itself.

See how each and every one is the product of specialists who have learned to make successfully one thing and to make it a little better than any one else. Make note of them: Continental motor; Delco starting and ignition; Timken axles; Spicer universal joints; Brown's Lip Transmission; Borg & Beck clutch; Rayfield carburetor; Exide battery; Fedders radiator—nickle silver; Warner steering gear. Everything entering into the Moon has been selected with infinite care, tested and proved by Moon engineers with one specific purpose—To make sure that quality goes right straight through every feature, upon this chassis embodying the engineering skill of the world. Moon bodies are constructed. Their excellence in finish and every detail reveals that care which can come only from forty-one years experience in car work.

## ANNUAL EXPRESSION CONTEST HELD AT I. W. C.

Miss Anna Canada and Miss Josephine Rink Winners at Contest Held Saturday Night.

The annual contest in expression for prizes made possible thru the Wesley Mather memorial fund took place in Music hall at Woman's College Saturday night. The first prize was won by Miss Anna Canada of Jamestown, Ind., and the second by Miss Josephine Rink of Bushnell. The judges were Mrs. P. C. Thompson, Dr. Thomas W. Smith and Rev. W. H. Marbach. The award were announced by President Joseph R. Harker. The program was heard by a large audience and gave proof of the excellence of the work done in this department, which is under the direction of Miss McCammon. The program of the evening was as follows:

Miss Anna Canada, scene from "The Taming of the Shrew."

Miss Josephine Rink, "Joint Ownership in Spain, a one-act play."

Lesta Gibbons, "An Object of Love," Fresco.

Mary Elizabeth Fraser, "The Balcony Scene from 'Romeo and Juliet'."

Olwen Leach, "The Proud Princess," Montgomery.

"Why Girls Go Wrong," address for women and girls by Mrs. LaMance, Sunday, April 10, 3 P. M., Grace Methodist church. "Hell," by Mr. LaMance at night. This is one of Mr. LaMance's masterpieces.

CONFERENCE ON RECREATION TONIGHT

More than 100 reservations had been made at 6 o'clock last night for the recreation conference to be held at the Pilgrim Memorial of the Congregational church this evening. The Red Cross survey report will form the basis for the presentation of this subject.

Rev. George E. Stickney, new pastor of the church, will lead in the discussion. Supper will be served at 6 o'clock by the Young Women's Guild, for which a charge of 25 cents will be made. The public is invited for the supper, which will be served at 6 o'clock, or for the program, which will begin at 7 o'clock, or for both. A musical program by students of the School for the Blind will be given. Reservations for the supper should be made in advance by telephoning to L. S. Doane.

## COMMITTEE WORKS OUT HEALTH WEEK PLAN

Local People Will Co-operate With State Department of Health in Special Observance.

Pursuant to call issued by Charles F. Ehnie of the sanitary health committee of the city council, a number of citizens met Saturday afternoon to make the preliminary plans for the observance of health week. Recently Gov. Small issued a proclamation asking for the observance of health week from April 17 to 23. The committee organized by choosing C. F. Ehnie, chairman; Homer Ransom, secretary. These two men, together with Mrs. E. L. Hill, Dr. A. M. King, H. A. Perrin and R. Y. Rowe will constitute the executive committee.

It was decided to appoint a chairman for each day of the week, the chairman to co-operate with members of the committee to be appointed to assist him in carrying out the program outlined by the state department of health. The chairmen chosen are: Sunday, Rev. W. H. Marbach; Monday, Mrs. J. W. Clary; Tuesday, Dr. A. M. King; Wednesday, Dr. Josephine Milligan; Thursday, Miss Ryman; Friday, H. A. Perrin; Saturday, R. Y. Rowe.

Another meeting is to be held at the city hall Tuesday night at 7:30 o'clock. The suggested program of the health department of the state has been outlined as follows:

Sunday, April 17

Health promotion and disease prevention talks to be given before Sunday school audiences and church congregations. Ministers, Sunday school superintendents, Y. M. C. A. officials and members of health promotion week committee are available for this purpose.

Monday, April 18

Community "Clean-Up Day." Citizens to thoroughly clean every home in the community by removing all trash and rubbish and by the generous use of soap and water. The whole house should be opened to fresh air and sunshine. All trash, rubbish and garbage from the house and yard to be assembled in alley or street for the garbage removal wagon, or burned. Many localities have greatly increased popular interest in "clean up" day by arranging for a common bon fire for all the community trash, etc.

Tuesday, April 19

Fly, Insect and Rat extermination Day. Especial emphasis should be directed against fly breeding places. The community should be cleaned of all horse manure and measures adopted to insure its storage in fly-tight containers and its frequent removal during the remainder of fly season. Mosquito breeding pools, etc., should be drained or oiled. A campaign for trapping, poisoning and baiting rats should be inaugurated. The screening of all homes and places where food is stored, against flies and mosquitoes, should be emphasized. All of this work can best be carried out through the authority of local health officials.

Wednesday, April 20

Better Babies Day. Conference headquarters should be established in some suitable place for the weighing, measuring, medical examining and scoring of babies. Printed matter should be systematically placed in the hands of the mother and prospective mothers.

Better Babies Day has always proved to be one of the biggest and most interesting days of the week. This year there is an added incentive for breaking all previous records in attendance. A contest is being carried out by the Chicago Herald and Examiner, offering prizes up to \$1,000 for the best baby, while the State Department of Public Health will again carry out its Better Babies Conference at the State Fair. Health Promotion Week conferences ought to serve as a preparatory step toward the big conferences referred to.

Thursday, April 21

Birth Registration Day. Arrangements should be made for securing the co-operation of all school children in an effort to locate every unregistered child in the community. The names of all children less than a year old should be collected and the local records consulted to locate discrepancies. Emphasis should be especially directed to measures that will insure complete reports in the future.

Friday, April 22

School Children's Day. Special health programs should be arranged in such a way as to reach every boy and girl who attends school. In the high schools the morning exercise period should be devoted to health talks and demonstrations. For the grades each room should give a period to the program. The best ways of stimulating interest among school children are to offer suitable prizes for written compositions, give playlets, and utilize the Cho Cho program. Health habits are as easily formed by children as other kinds, and they make for a stronger and more vigorous future citizenship.

Saturday, April 23

Medical Examination Day. It should be the purpose of the community to encourage a complete medical examination of every person who has not recently undergone such an examination. The medical profession will heartily co-operate and assist in this undertaking. The medical profession, life insurance companies and public health officials all agree that the annual medical examination of everybody would disclose organic diseases in their incipient and curable stages where these exist and would materially lengthen the span of life.

## Championship Bout To Be Held July 2

(By The Associated Press)

NEW YORK, April 9.—With the long awaited official announcement today that the Dempsey-Carpenter heavyweight championship bout would be fought in New Jersey on July 2, interest among local ring followers turned to the probable place of the contest and the training plans of the principals. Efforts to obtain a definite statement from Promoter Tex Rickard as to the site of the contest failed.

He refused to commit himself as to Newark, Atlantic City or Jersey City, the three sites mentioned in his announcement. Rickard said he had received favorable offers from all three cities and would inspect the locations suggested before he could make a final decision. His expected he will announce his selection within the next ten days.

It appears to be the general opinion among those who have followed the match negotiations that Jersey City will be the ultimate choice, all conditions and advantages being equal. This is based upon Rickard's repeated assertions that he desired to stage the bout in or as near to New York City as possible. Between Newark and Jersey City there is little choice in either time or travel conditions, but the distance to Atlantic City and the fact that accommodations may be hard to get over the Fourth of July holidays mitigate against the seashore resort.

The decision to hold the contest in New Jersey develops several interesting points which are causing discussion among boxing authorities. Under the New Jersey boxing laws no decision can be given at the termination of the bout. Consequently, the only way in which Carpenter could win the world's title would be to knock out Dempsey inside the stipulated twelve rounds permitted under the state code or for the champion to lose his title by a foul. As the New Jersey legislature has adorned no changes in the regulations are likely. While Rickard refused to make any comparison of fighting ability of the two pugilists he said he did not think the inability to render an official decision would have the slightest effect on the attendance. He confidently predicted the attendance would be the largest that ever witnessed a champion ring battle.

Applications for seats have been accumulating for some weeks without regard to the possible site for the bout.

Another unusual angle lies in the fact that the two boxers are matched on a percentage basis. With Dempsey and Carpenter drawing sixty per cent of the gate receipts it is considered likely that their share will be larger than the \$127,000 paid to Willard and Dempsey.

The contract as originally drawn agreed to a sum of \$300,000 to Dempsey and Carpenter and it is reasonable to suppose they would not have assented to a change to a percentage basis unless they felt their share of the receipts would exceed any former guarantee. The agreement that Dempsey is to receive the larger share of the boxers' gate percentage, win, lose or draw, was the former wording of the contract.

Governor Edwards declared tonight there would be no objection to staging the Dempsey-Carpenter bout in New Jersey. "If the fight is conducted in an orderly manner and according to the law of New Jersey, it will have my approval," the Governor said.

### MANY STARS ENTER RELAY CARNIVAL

PHILADELPHIA, April 9.—

East and West will stage a struggle for athletic supremacy at the University of Pennsylvania relay carnival April 29 and 30. It was said at the University tonight. In the special events it is almost certain that Paddock of California, Olympic sprint champion will enter the 100 yard competition against Seurin, the French sprinter, Simmons and Lisch of Michigan, Deering of Nebraska and Massengale of Missouri, will be here also.

The 120 yard hurdle the East will have Thomson of Dartmouth, world's record holder and Olympic and intercollegiate champion and Barron of Pennsylvania state, the American champion; the West will have Knollin of Wisconsin and Gallagher of Kansas. Desch of Notre Dame is a favorite for the quarter mile hurdle and Anderson of Wisconsin, Kilby of Redlands, Calif., and Belding of Iowa State are also entered. Leading experts predict that the west will take the event.

### GOLF ASSOCIATION SENDS OUT LETTER

CHICAGO, April 9.—Directors

### KNOX COLLEGE HAS LOTS OF ATHLETES

Expects to Win State College Meet—Forty-Five Trying for Track Team.

(By The Associated Press)

Galesburg, Ill., April 9.—Over 100 men are trying out for athletic teams at Knox College. This represents about 35 per cent of the male portion of the student body and is a part of the Knox scheme of "Athletics for All."

About 45 men are trying for places on the track team under Coach Barry. Upwards of 35 are out for the baseball team under the supervision of Coach Hamblin, and 25 men are out for spring football practice.

In addition 40 men are trying out for Sigma Delta Psi, the athletic fraternity which recently established a chapter at Knox.

Prospects for a successful track team at Knox are especially bright with 11 men from last year's championship team back in college. Coach Barry expects his team to repeat its performance of last year and capture the Illinois state meet at Decatur on May 27 and 28.

The Siwash Athletic Mentor will also enter his track men in a meet to be held at Coe Field at Cedar Rapids, Iowa, on May 13th and 14th. Representatives of the colleges which will probably be included in the proposed new interstate athletic conference will be entered in this meet.

Captain Alex Rhind, who has stepped the 100 in 10 flat and the 440 in 50 4-5, and Sward, who holds the Knox record in the broad jump, are regarded here as sure point winners in any meet in which Knox engages.

They include the champions of the country of several sections of the country and Canada.

### CALIFORNIA WINS FROM MICHIGAN U.

Western Athletes Overwhelm Wolverines, Who Win Only Two Firsts—Muller Is High Point Scorer.

CALIFORNIA OVAL, April 9.—Track and field athletes of the University of California overwhelmed the University of Michigan representatives, 95 to 43 today.

Wolverine athletes placed first in only two events, the hammer throw and the broad jump.

"Brick" Muller, a star of the Champion Bear football team last fall, was the big point winner for California, making thirteen in all. For Michigan, Cruikshank, jumper and hurdler, who took one of the Wolverine's first places, was the high man, with a total of eleven points.

Competition was not as keen as California had expected because, it was said by track authorities, of the fact that Michigan spring work at home was indoors and also because of the tiring trip the Wolverines made to get here.

The 440-yard race, one of the surprises, was won by "Oxy" Hendrickson, California, with his teammate, McDonald, second. Captain Butler of the Michigan team, considered one of the best quarter milers, placed third. There was a close finish in the relay race, California winning by fast work on the final stretch. In the morning, the Bear Varsity crew won from the University of Washington, and in consequence the Californians will row against Princeton University and enter the Eastern intercollegiate regatta at Poughkeepsie, N. Y.

### SNOW STORM STOPS BALL GAME

KANSAS CITY, Mo., April 9.—Harold Leathers, a short stop for the Chicago National League club, was released tonight by the local American Association team.

PARIS, April 9.—France defeated Ireland in a Rugby football game today, 20 to 10.

### NEW UNIFORMS FOR INDEES ARE HERE

Yesterday T. J. Brennan received the new uniforms which will be worn by Frank Smith's Indies the coming season.

There are twelve of the uniforms, and they are furnished by Rawlings, one of the largest sporting goods manufacturing firms in the country.

The uniforms are white flannel of the same design as the one used by the New York Giants, the shirt having the letter J on the breast. Black and white stockings, black cap and belt complete the uniform, which is one of the finest ever worn by a local team.

For several weeks past Manager Smith has been working on he grounds, and the diamond is nearly in condition for playing, unless the weather is too cold, the men will work out this afternoon.

Weather permitting, the team will play a practice game with the Browns, Jacksonville's colored team, next Sunday. It is hoped to open the season on the following Sunday. However, later announcement of this will be made.

Frank Devine called in the city from Pisgah yesterday.

Saturday Received the Following Message from the Travis Cadillac Co., Peoria, Illinois---

Present Prices of Cadillac Cars will remain Unchanged during the year 1921

### A Few Cadillac Points of Interest

Beginning today the general offices of the Cadillac Motor Company will be located at the new Cadillac plant, 2850 Clark Avenue, Detroit, according to the official announcement just issued by the company.

The offices which are transferred from the old location at 6231 Cass Avenue, include that of the president, the purchasing, accounting, manufacturing, sales and advertising departments, and include all the administrative departments of the company.

The new Cadillac plant on Clark Avenue is south of Michigan Avenue the approximate distance of two blocks, just within the three-mile circle from the City Hall, and about a mile from the Michigan Central railroad station. The land occupied is the triangle formed by Clark Avenue and the Junction of the Michigan Central and Lake Shore railroad. Buildings stand on both sides of Clark Avenue.

Engineers and others who have inspected this great plant which has been erected under the direction of H. H. Collins, President and General Manager of the Cadillac Company, have characterized it as the most modern automobile factory in the world. The buildings contain 48 acres of floor space.

The new plant stands as a monument to Cadillac growth. The buildings are of the most modern construction of steel, concrete and brick, with immense window expanse to assure ample light

for the workers who make the Cadillac. They are four stories high, built to carry two additional stories.

Some idea of the vastness of the new plant may be gained from the fact that the manufacture of the Cadillac has in the past been carried on in 77 different buildings in Detroit. In the future, all the operations will be confined to the new plant which consists of eight great buildings.

Of these, the greatest is the Manufacturing building, which is 800 feet long by 600 feet wide, with a total floor space of 970,000 feet. Under the manufacturing plan, raw materials will be received at one end of this mammoth building and Cadillac chassis will leave the opposite end under their own power. Conveniently near the manufacturing building is the heat treatment building, 500 feet by 80 feet, where the metal is treated to assure its strength for the part it will be called upon to play in Cadillac dependability.

The assembly building is the second largest of the group, being 800 by 320 feet, with a floor space of 620,000 feet. After leaving the manufacturing building, a chassis will be given a road test and then taken to the assembly building where it will be given further tests and will then be fitted with the body and the many accessories which are a regular part of Cadillac equipment. The storage building, which adjoins the assembly building has space for 1000

cars. It is 480 feet long by 140 feet wide. The factory service department will also be housed in this building.

The executive offices are to be housed in a handsome administration building, 225 feet long and 50 feet wide. This building is to be in thorough keeping with Cadillac history and Cadillac prestige. The exterior is of Bedford limestone and the interior is arranged to afford maximum convenience to the executives who will be housed there. The fittings are rich but in quiet taste.

The power plant is one of the most modern in the country, as are the supplementary buildings which complete this unit.

Particular thought has been given to the comfort and surroundings of the 6000 employees who will work in this great plant. There are locker rooms sufficient to give each worker a steel locker individually, and special bridges, walks, etc., have been provided so that men may enter the plant and leave in the shortest time with the least confusion.

The welfare department and first aid hospital, in charge of a physician and nurse, is so located that it can be reached from any part of the plant in a few minutes.

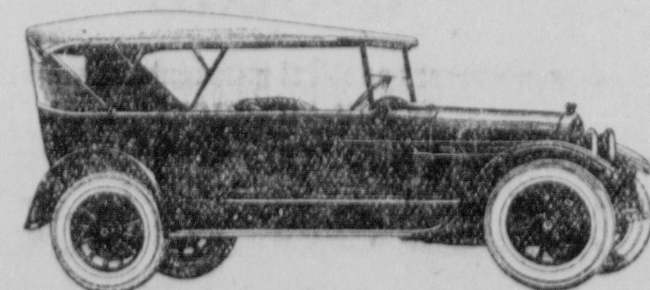

In fact, every resource which great capital and engineering skill could give, has been concentrated to build a plant, which would aid in improving the dependability of the always dependable Cadillac.

## CAPS AND GOWNS IN MODERN HIGH SCHOOLS

Universally Used for Graduation in Leading High Schools of Country.

The modern democratic trend in the high schools all over the country is manifesting itself in the wearing of caps and gowns for graduation exercises. This custom is becoming more and more general, until at present there are comparatively few high schools whose graduating classes do not wear caps and gowns. At a recent meeting of high school principals in this part of the state the question was discussed and the fact was brought to light that there was only one school represented which does not conform to this custom. Springfield, Mattoon, Bloomington, Taylorville, Peoria, Quincy, and Urbana are among the many schools where caps and gowns are worn. Decatur is the only larger school which does not use them and this is because their graduation exercises are held at nine o'clock in the morning.

ercises are held at nine o'clock in the morning.

The main reason for the widespread use of caps and gowns is that it is economical and democratic. The price is uniform for the rental of gowns and is far less than the amount for which suits or dresses may be purchased for graduation. It puts every member of the class on an equal footing and does away with the inconsistencies and bitterness caused by the over-elaborate dress of the wealthy girl placed beside the simple frock of the one of less means.

It may seem at first thought that caps and gowns are too much like the academic robes worn in colleges and universities. High schools are the institutions which are most nearly related to the higher institutions of learning and the use of gowns makes this relationship more evident. Urbana, Rockford, Valparaiso, Indiana, all use them in their high schools, and they are all colleges and university towns. This goes to show that the presence of colleges in a town does not detract from the importance which is justly given to the high schools.

Jacksonville has a splendid new, modern, high school and it is hoped that the graduating class of next year will decide in favor of the use of caps and gowns for graduation.

It is a custom indicative of progress and democracy and one that would do justice to a school as up-to-date and modern in every respect as is our new high school.

## NEWS OF THE COLLEGES

Among recent gifts to McKendree College are a large tract of land, 320 acres, and \$3,000 in money from Mrs. Jennie J. Wood of Effingham, Ill., on endowment for the Wood Memorial Library, erected by Mrs. Wood as a memorial to her husband, the late Hon. Benson Wood.

Dickinson College has received the support of the Central Pennsylvania conference of the Methodist Episcopal church, in its contemplated financial campaign for \$300,000, which, when completed, will be supplemented by an additional \$150,000 by the Rockefeller foundation.

A \$6,000,000 campaign for the removal of Goucher College from its present site and for the enlargement of its facilities will be organized by the board of trustees and started in June, near commencement time, according to Dr. W. W. Guth, president of the college.

The new site of the college will not be removed from Baltimore. It will cover at least 100 acres, while the present quarters cover only 13 acres on scattered city lots. The fact that Goucher enrolled 322 students last year and turned away 85, is evidence of the need of enlargement, altho it is Dr. Guth's hope to continue the institution's record for quality rather than quantity. An enrollment of 1,000 or 1,200 students is believed large enough for the new scheme of things.

A chapel building, another where all the various interests of students will be concentrated; a library and comfortable housing for members of the teaching staff are included in Dr. Guth's plan for the Goucher College of the future.

"Why Girls Go Wrong" will be the subject of Mrs. LaMance at 3 o'clock, Grace church. Every woman in Jacksonville should hear this address.

## JOSEF STRANSKY LEADS PHILHARMONIC FORCES

Eminent Conductor Has Directed American Orchestra for Eight Years

Josef Stransky, conductor of the New York Philharmonic Orchestra, which plays here on May 26, contributes his distinguished abilities to the orchestra this year for the tenth consecutive season. Mr. Stransky and the personnel of the Philharmonic Orchestra present an exceptional unity. The development of the ensemble is remarkably interwoven with the magnetism, conscientious effort, and interpretative genius of its leader.

Josef Stransky is an American citizen by choice. He was born in what is now the New Republic of Czechoslovakia. As a young man, Josef Stransky entered and was graduated from a medical university in Bohemia, but even during this period of study, his final calling made itself evident in his actions, for he founded the first university orchestra in Prague, and was its leader until after his graduation. Soon he decided that like so many artists who have started life in an uncongenial pursuit, he must decide between the two interests.

The decision was quickly made. He put aside the calpel for he baton with a light heart, and took up his life work with the enthusiasm and the conscientious application that have helped to place the orchestra which he now conducts in the fore-front of American musical institutions.

## SCHOOL ELECTION AT WHITE HALL

Two Members of Community High School Board Fall of Re-Election—Seems to Be Difference of Opinion as to Cost of Building.

White Hall, April 9.—At a school election, held here today, Lewis Lowenstein and John H. Fox, members of the Community high school board, were defeated for re-election by A. J. Barrett and Charles H. Giller.

The vote was one of the largest ever polled at a school election. Barrett received 841, Giller 838, Lowenstein 245 and Fox 151. A total of 1,240 votes were cast.

The proposal to build a community high school in White Hall, to cost \$125,000, has caused lots of feeling. The defeat of Lowenstein and Fox is laid to that, it is said, as they were in favor of putting up a first class building, while their opponents are said to favor a modification of the plans.

## FIRE ALARM

**RETURNS FROM FLORIDA**  
Mr. and Mrs. E. W. Crawford returned Friday from Ft. Myers, Fla., where they have spent the past three months most delightfully with their son-in-law and daughter, Mr. and Mrs. H. E. Stevens. Both Mr. and Mrs. Crawford are well pleased with Ft. Myers with its beautiful tropical scenery and warm, balmy climate. While down there they enjoyed reading the good old Jacksonville Journal which came to them regularly. They were much interested to read Mr. Nichols' comment on the "cold, damp weather" of Florida, as a matter of fact, during their three months' sojourn there there was sunshine every day and not enough rain fell during that whole time to give the ground a good wetting.

Mr. and Mrs. Stevens moved from Jacksonville, Fla., last Sept., when Mr. Stevens served in the export station as plant pathologist for the past 8 years. He is now making a study of plant diseases in South Florida and acting as county agent for Lee County.

Riley Spainhower was attending to business matters in the city from Pisgah Saturday.

## THIS YOUNG MOTHER

Tells Childless Women what Lydia E. Pinkham's Vegetable Compound Did for Her

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine.

We are very fond of children and for a considerable time after we married I feared I would not have any owing to my weak condition. I began taking Lydia E. Pinkham's Vegetable Compound and now I have a nice strong, healthy baby girl. I can honestly say that I did not suffer much more when my baby was born than I used to suffer with my periods before I took Lydia E. Pinkham's Vegetable Compound years ago. I give all the credit to your medicine and shall always recommend it very highly."—Mrs. H. H. JANSSEN, Millston, Wisconsin.

How can women who are weak and sickly expect or hope to become mothers of healthy children? Their first duty is to themselves. They should overcome the derangement or debility that is dragging them down, and strengthen the entire system, as did Mrs. Janssen, by taking Lydia E. Pinkham's Vegetable Compound and give their children the blessing of a good constitution.

### CORONER'S INQUEST HELD AT WAVERLY

Cause of Death of Mrs. Oma Edwards Will Be Further Investigated.

Coroner Rose and a jury yesterday made preliminary investigation into the death of Mrs. Oma Edwards of Waverly, which occurred Saturday morning. According to the finding of the jury Mrs. Edwards' death was due to acute nephritis, caused by the administering of a dose of medicine given with illegal intent.

Mrs. Anna Larimore, a neighbor of the Edwards family, was the first witness and it was because of her testimony that the jury was led to believe that the medicine was furnished the deceased by Mrs. P. A. Bridwell. By the same witness the jury was informed that Mrs. Anna Evans, an aunt of the deceased, also had some connection with the case. Mrs. Bridwell and Mrs. Evans were also witnesses but denied all knowledge of the charges made against them.

Dr. Paul Allyn, who had been called on the case, was another witness and it was largely on his statement that the jury brought in a verdict and recommended that the case be further investigated. The inquest was held at the undertaking rooms of Swift and Beatty and the jurors were Lou Adcock, foreman; George Alderson, W. N. Graves, Cyrus Curtis, James Boyd and Ralph Withee.

### BIBLE SCHOOL CLASS WILL BEGIN CONTEST

Centenary Men Are Very Enthusiastic Over Membership Event Just Planned.

The contest for members to run thru May 15 will be inaugurated today by the Loyal Men's Bible class of Centenary Sunday school. The captains and lieutenants recently met with C. S. Smith, the teacher of the class, and all the details have been completed. The goal is 200 members of the class and it is expected that the men will not only become members of the class but maintain an interest in Bible study.

John N. Deatherage will be captain of the red division and Ira Paterson captain of the blue division. The men are expected to be in constant attendance and to interest others. At the conclusion of the contest there will probably be a class picnic at Nichols park and a mass meeting for men at Centenary church, with a speaker of wide reputation. The workers for the two divisions are as follows:

Reds—John N. Deatherage, captain; H. C. Busby, George Edman, Jr.; John Godfrey, George L. Riggs and Ed G. Saye, lieutenants; Roy Baldwin, George Brown, C. O. ### MISS ROSS TAKES POSITION AT HOME SANITARIUM

Miss M. Louise Ross, R. N., of New York City, has accepted the position of superintendent of nurses at the New Home Sanitarium in this city. Miss Ross is a graduate of the Lincoln Hospital and Home (450 beds) of New York.

Since graduation Miss Ross has been a busy woman. After graduation she was appointed public health nurse for the City of New York, and also was selected as assistant Red Cross instructor in home hygiene for New York and New Jersey, 1918-19. When the steel corporation opened its magnificent hospital in Birmingham, Ala., 1919, Miss Ross was selected to organize and superintend the nurse's training department for colored nurses. There is also included a training department for white nurses in this hospital of 250 beds. In October, 1920, Miss Ross was called back to her alma mater to become second assistant superintendent and resident instructor of nurses. This hospital has 110 nurses.

On March 1, 1921, Miss Ross resigned her position to become superintendent of nurses of the New Home Sanitarium. She comes very highly recommended, and the sanitarium and nurses feel proud to have with them a woman of such exceptional qualities and training.

### MRS. BURNETT DIES AT ADVANCED AGE

Deceased Had Been Resident of Waverly Precinct for Many Years.

The death of Mrs. Mary J. Burnett occurred at 5:10 o'clock Saturday morning at the twelfth home three and a half miles north of Waverly. The deceased had spent sixty-three years of her life on the farm, where she passed away, and she ranked as one of the oldest residents of the county.

Mrs. Burnett was the widow of George W. Burnett. Her maiden name was Mary J. McCormick and she was a daughter of John and Jane McCormick, her birth occurring Sept. 30, 1836, at the home in Franklin. After attending the schools of her home community the deceased as a young woman became a student at Jacksonville Female academy and was a graduate of that institution. Later she taught school in both Morgan and Sangamon counties.

The marriage of the deceased to George W. Burnett occurred on May 6, 1858. Their home was soon afterward established on the farm where they continued to live thru all the later years. Mr. Burnett's death occurred less than a year ago April 18, 1920, at the age of eighty-nine.

As a young woman Mrs. Burnett became a member of Little York Methodist church, and her life ever afterward was consistent with her religious beliefs. Of kindly heart and spirit, she was revered thru the years by relatives and friends. Many are those who have occasion to remember her generous acts of kindness.

Mrs. Burnett is survived by two daughters and five sons: Mrs. W. C. Calhoun and Mrs. L. J. Massie, of Franklin; Marshall, Everett, Fred and Oscar Burnett of Waverly or Franklin precincts, and John Burnett who lives on the old home farm. She leaves also one sister, Mrs. M. E. Smetters, of Waverly.

The funeral service will be held at 10 o'clock Monday morning at the Little York Methodist church. Rev. Walter Mitchell of Divernon, a former pastor of the church, will have charge, assisted by Rev. Mr. Lathrop, of the Waverly M. E. church. Interment will be made in East cemetery in Waverly.

### PAULINE FREDERICK STARS IN NEW DRAMA

Emotional Screen Star Scores in  
"The Mistress of Shenstone."

"The Mistress of Shenstone," the  
latest Robertson-Cole super-  
special at Scott's theater Monday  
and Tuesday, starring Pauline  
Frederick, is as artistic as it is  
dramatic. Adapted from the fa-  
mous novel of the same name by  
Florence Barclay, who is also the  
author of "The Rector" and  
"Through the Postern Gate," the  
story, which is laid on a large  
English estate and in a quaint  
little seaside resort, was mounted  
in a most lavish manner.

Many weeks were devoted by the  
art directors, in going over  
prints showing the interiors of  
famous English baronial homes,  
to create the correct atmosphere  
for this production. A setting  
that will cause much favorable  
comment, shows the interior of  
Shenstone. It is characteristic  
of the dignity of the English cas-  
tle in the fine modelling of fire-  
place, doorways and windows,  
and it is richly decorated with  
rare tapestries, oil paintings and  
costly rugs.

Miss Frederick will prove an  
object of interest to fashion-lov-  
ing women (and the men, too, for  
that matter, for who says the  
fairer sex do not like to see the  
fair arrayed in wondrous gar-  
ments?) for she wears a bewid-  
ering array of beautiful gowns  
and wraps.

Miss Loretta Lashmet of Win-  
chester, was a city shopper yester-  
day.

Mrs. William Mortimer and  
daughter of Woodson, were call-  
ing on city friends Saturday.

SCENE OF MURDER, VICTIM AND SLAYER-SUICIDE  
Because of his dismissal from the staff of Syracuse University, Professor Holmes Beckwith (insert at left)  
shot and killed Dean John Herman Wharton (insert at right) and then killed himself. The photo shows the  
office of the Dean where the murder took place.

### ILLINOIS WOMAN'S COLLEGE NOTES

Plans for the annual May pageant  
are well under way. It is hoped that  
the weather will be favorable so that  
the date set in May will not have to  
be changed.

The Wesley Mathers contest in de-  
clamation will take place this eve-  
ning in Music Hall at 8:00 o'clock.  
The program will begin promptly.  
There is great interest in this con-  
test, so that it was necessary to have  
a preliminary contest in order to re-  
duce the number of contestants to six.

A Faculty tea will be given Mon-  
day afternoon to members of the  
Alumnae association residing in Jack-  
sonville. This tea is given by the  
faculty of the college. A full ac-  
count of this will appear in the social  
columns of the paper on Monday eve-  
ning.

Miss Wackerle entertained the  
members of the South Side Circle Fri-  
day afternoon. This was the last  
meeting of the year, and is the cus-  
tom, was a picnic affair—each lady  
bringing something with her and in-  
viting a guest. About fifty ladies  
were present and all had a very en-  
joyable time.

Miss Louise Gates, who is execu-  
tive secretary of the Y. W. C. A. at  
Allentown, Pa., was heard with much  
interest at the chapel exercises Fri-  
day morning. She told something of  
her work and the great opportunities  
for young women in this profession.

Woman's College is joining with  
other colleges of the country in rais-  
ing \$100,000 with which to purchase  
one dram of radium for Madame Curie.  
She has had an important part in the  
discovery of this wonderful substance,  
and has agreed to devote her life to  
the prevention and cure of cancer if  
she can get this amount of radium.

President Harker returned early  
Saturday morning, but expects to  
leave for Chicago Sunday evening,  
where he has an important confer-  
ence with Senator MacMurray, who  
is president of the Board of Trustees.

Miss Mary Louise Davis of Brazil,  
Indiana, is a guest at the college of  
Miss Ruth Harker. Mrs. Fritz Has-  
kell and Miss Minnie Balcke are guests  
at the college; both of these young  
women were members of the faculty  
of the high school last year. Miss  
Balcke is now connected with the Gale-  
burg school. Miss Ione Kuechler  
and Miss Dorothy Walker of Gales-  
burg, were guests of Miss Wackerle  
Thursday evening. Miss Blanche Sea-  
man, who is teaching in the Chapin  
schools this year, is a guest at the  
college over the week-end.

There is also difficulty in  
Rockford in supplying the demand  
for competent maids and house-  
keepers. Machine and metal shops  
are continuing to lay off men.

Road work is promised.  
Street improvements in Joliet  
will start as soon as weather per-  
mits. It will provide work for  
200 men. Another plant has shut  
down in Joliet, throwing 150 men  
out of work, and another has  
duced work from six to four days  
a week.

Unemployed in Aurora are esti-  
mated at 1,850. Sixty-five per  
cent of the building trade workers  
are idle.

Unemployed in Rock Island  
number about 3,000 and in Moline  
5,000.

Joseph on Cote-des-Neiges, at  
Montreal, where they will pay  
homage to Frere Andre, sacrificer  
of the shrine and known as Cana-  
da's "miracle man."

Frere Andre's shrine stands  
opposite the seminary of the Holy  
Cross, on the outskirts of Mon-  
treal. Inside it are clusters of  
crutches and bandages left by pil-  
grims who came for healing.

### ARNOLD WILL TRY TO GET BETTER SERVICE

Director of State Department of  
Labor Starts Campaign — Asks  
Commercial Associations to Co-  
operate to Get Movement  
Started.

Springfield, Ill., April 9.—(By  
A. P.)—Opening a campaign de-  
signed to be of real service both  
to workers and employers, Direc-  
tor George B. Arnold, of the State  
Department of Labor, announced  
he had addressed all commercial  
associations in Illinois and all his  
district free employment superin-  
tendents, asking closer co-opera-  
tion.

Writing to his eleven bureau  
superintendents, Mr. Arnold has  
emphasized the necessity of "sat-  
isfied employers."

Through these superintendents,  
Mr. Arnold is asking that all com-  
mercial associations place their  
employment needs completely in  
the hands of the free employment  
system. This is the first step of  
this kind the department is adding  
to spring activities. In Decatur,  
the first step in a campaign which  
"before the summer is over," Mr.  
Arnold intends, "shall have done  
real service in relieving the un-  
employment situation."

Among the unemployed in Chi-  
cago, it is reported to the state di-  
rector of labor, metal and machin-  
ery workers predominate. Some  
relief of the Chicago situation is  
promised by the steady drift of  
workers to other cities.

Repair work for carpenters,  
painters and electricians is adding  
to spring activities. In Decatur,  
two factories which have been  
shut down for some time have re-  
opened, one has full operation  
well under way, and the other re-  
sumed work last week.

There is noticeable scarcity of  
women domestics in Danville.

Many Are Unemployed  
Unemployment in Springfield is  
reported to be the worst in years.  
Not counting miners, it is esti-  
mated 3,500 or 4,000 men are idle  
and that 8,000 of the 9,000 miners  
are either completely idle or work-  
ing one day a week. Work on  
roads about Springfield is ex-  
pected to give some relief soon.

Popular dislike among men to  
the requirements that they milk  
cows is a considerable problem en-  
countered in supplying farm la-  
bor in Rockford, according to the  
report of Superintendent Peter T.  
Anderson. "Farmers will not take  
a man unless familiar with  
farm work, especially milking,"  
he writes. "This seems a great  
drawback, because help seems ad-  
verse to that kind of work."

There is also difficulty in  
Rockford in supplying the demand  
for competent maids and house-  
keepers. Machine and metal shops  
are continuing to lay off men.

Road work is promised.  
Street improvements in Joliet  
will start as soon as weather per-

mated at 1,850. Sixty-five per

are idle.

Unemployed in Rock Island  
number about 3,000 and in Moline  
5,000.

### COLLEGE OF MUSIC NOTES

Miss Elletta Geiger, pupil of Miss  
Edith Robinson, played "Wedding  
Day at Troldhaugen"—Grieg, at a re-  
cent meeting of the Theta Sigma  
Society.

A students' recital will be given in  
Music Hall Monday evening, April 11  
at 8:15. Program appears elsewhere  
in this issue. The public is cordially  
invited.

Mrs. Forrest entertained members  
of Trinity Parish choir at a charm-  
ing tea in her studio on Monday af-  
ternoon. Mrs. Roy Scott presided,  
while Mrs. Forrest's daughter, Marguerite,  
and Miss Anna Dewey Dean, served.  
There were about a dozen guests.

Clarence Ratcliff, pupil of Miss  
Louise Miller, will sing the offertory  
solo at First Christian church Sun-  
day morning.

Mrs. Ramsay, of Kansas City, Mo.,  
came here to attend her daughter's  
voice recital, which was given last  
Monday evening in Music Hall.

Monday afternoon, Misses Hors-  
burgh and Sapio gave a short musical  
program in the high school assembly  
room for the student body and fac-  
ulty. Enthusiastic comments were  
heard afterward from the audience.

Miss Horsburgh entertained the  
senior members of her violin class  
last Saturday evening. The affair  
proved to be a birthday party in  
honor of Miss Olga Sapio, who has  
been Miss Horsburgh's guest for the  
past month. Misses Suzanne Rie-  
hart, Bernice Holback and Estelle  
Cover, accompanied by Laila Skinner  
and Grace Styles, gave a short mu-  
sical program. Among the guests  
were Miss Mona Ramsay and her  
mother.

Miss Olga Sapio, who accompanied  
Miss Horsburgh in her recital and has  
been heard at various other musicals  
in the past month, returned to New  
York last Thursday.

The following student recital was  
given in Music Hall Thursday after-  
noon, April 7:

### THIRTEEN STATES TO POOL WOOL

Chicago, April 9.—(By A. P.)  
—The wool marketing depart-  
ment of the American Farm Bu-  
reau Federation is working on  
pooling plans in thirteen states.  
It is announced from federation  
headquarters here.

State pools will probably be  
sold thru a national sales agency,  
thus avoiding competition be-  
tween state pools, it is reported.

States concerned are named as  
Kansas, Texas, Iowa, Illinois, In-  
diana, Ohio, New York, Michigan,  
Minnesota, Wisconsin, the Dako-  
tas and California.

### WILL DISCUSS DAIRY PRODUCTS

Chicago, April 9.—(By A. P.)  
—Co-operative distribution of  
milk and milk products will be the  
main themes of a national dairy  
marketing conference called for  
May 2, in Chicago, it is announced  
by the American Farm Bureau  
Federation.

Uniform organization of co-op-  
erative milk marketing companies  
and methods of increasing con-  
sumption of dairy products are  
reported as the two most impor-  
tant subjects of the program.

### ILLINOIS COLLEGE NOTES

Professor J. G. Ames, head of the  
English department at the college  
went to Normal, Ill., during the past  
week to act as judge in a debate at  
Normal university.

At the Junior class chapel Wed-  
nesday morning the Mandolin club,  
consisting of six members of the  
Junior class, gave several musical  
selections which were greatly enjoyed  
by the class.

The members of the Agora society  
were entertained at the home of Mrs.  
Frank Elliott Thursday afternoon.  
Mrs. Elliott is an honorary member  
of the society.

Mrs. R. H. Tanner of Granville,  
Ohio, has been visiting friends in the  
city during the past week. Dr. R. H.  
Tanner, who was formerly professor  
of Greek at Illinois college, is now  
dean of Denison university at Gran-  
ville, Ohio.

The Y. W. C. A. gave a very de-  
lightful tea Monday afternoon in one  
of the society rooms of Beecher hall.  
At the chapel exercises Tuesday  
morning C. Ray Gruney of Camp  
Point, Ill., a freshman at Illinois  
college, gave a very interesting talk  
on India.

Bryan Underwood, '20, who has  
been attending Washington univer-  
sity, came back to attend the joint  
debate Friday.

L. Dale Wyatt, '14, was a visitor  
on the campus Monday.

Mrs. Pearl W. Weber gave an in-  
teresting talk on Comenius at the  
college chapel Monday morning. Mrs.  
Weber discussed Comenius primarily  
as an educator.

At the chapel exercises Thursday  
morning President C. H. Rammel-  
kamp presented sweaters to the boys  
of the last football team. The reason  
the sweaters were awarded so late  
in the year is that the Student as-  
sociation passed a resolution last year  
to the effect that a student should  
be awarded a sweater until he had  
completed at least 12 hours work for  
the semester. This rule makes it  
necessary therefore to wait until the  
close of the first semester before pre-  
sents the team with sweaters. The  
following men received sweaters: L.  
P. Ferreira, Ira Fanning, Harvey B.  
Gunn, Eugene Mellon, Wm. Fiedling,  
Ramsay Andrew, Henry Utner, Wm.  
Scott, Stephen Reid, Captain Byron  
Cully and Manager Homer Thomp-  
son.

Miss Lucille Bennett, who received  
a certificate in expression from Illi-  
nois college last year, is coaching  
Virginia high school students in ex-  
pression, who will compete in the  
preliminary contest prior to the  
meet of the Western Illinois High  
School association. Miss Bennett is  
very competent for this work.

Mrs. Perry P. Thompson, head of  
the department of expression at Illi-  
nois college, will act as a judge in a  
contest at the Woman's college this  
evening.

Mrs. Oscar Combrink of Carrollton,  
Ill., spent the week end visiting her  
daughter Katherine who is a student  
at the college.

Herbert H. Smith, publicity direc-  
tor of the College Board of the Pres-  
byterian church, was in town Satur-  
day conferring with college authori-  
ties.

### MISS HARKER IS TO WED MARK HUNT

Engagement of Well Known  
Young People Announced at  
Luncheon Saturday.

The engagement of Miss Ruth  
Harker to Mark Hunt of Quincy,  
was made known Saturday at a  
luncheon, given by Mrs. A. C. Met-  
calf and Miss Wackerle of the Illi-  
nois Women's College.

The table was beautifully de-  
corated with baskets of Ward roses  
and daffodils; each basket was  
tied with yellow tulle and stream-  
ers of the tulle were drawn from  
the centerpiece to the edges of the  
tables. After a three-course  
luncheon the mottoes were opened  
and each was found to contain a  
replica of an engagement ring,  
bearing a tiny heart, with the ini-  
tials F. R. H. and M. B. H.

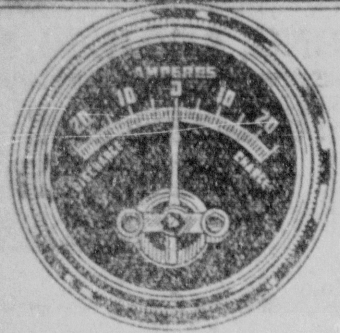

Miss Harker is the youngest  
daughter of Dr. and Mrs. J. R.  
Harker, and is a young woman of  
charming personality. Mr. Hunt  
is very well known in Jacksonville  
and his many friends will be very  
happy to congratulate him.

The guests included Mrs. Har-  
ker, the Misses Mary Louise Dav-  
is of Brazil, Ind., Blanch Sea-  
man of Arthur, Esther Davis, Ver-  
na Mershon, Margaret Watson and  
Laila Skinner.

**WHITE HALL CITY ELECTION APRIL 19**

Contest for Mayoralty Between J. C. Spencer and H. W. Roodhouse—Aldermanic Contest in Each Ward.

White Hall, April 8.—Nominations are now closed for officers to be voted on at the annual city election on April 19th, and there will be a contest for mayor between J. C. Spencer and H. W. Roodhouse, the latter having previously served a term. There is also a contest for aldermen in each ward, as follows: First ward, V. T. Winters, Ernest C. Camm; Second, George Staples, John Conrod, Staples being the present incumbent; Third, J. B. Fulton, Alva Waltrip, and Herbert Dugger, the latter being for the one-year term to succeed Dr. H. H. Seely, resigned. For clerk, the contestants are R. F. Barnett and Grover Thompson, and Alonzo Ellis is the sole candidate for treasurer. The proposition of erecting a municipal electric plant will be submitted to an advisory vote, but the city manager proposition did not reach the light of the ballot. The retiring officers are F. N. McLaren, mayor; Guy Lowenstein, George Staples, Herbert Williams and Dr. H. Seely, aldermen; C. F. Wengen, clerk, and Miss Mary Worcester, treasurer.

When the present administration took charge two years ago the treasury was \$8,000 in the hole. Since then, among the improvements carried out are a fire truck, \$3,300; cluster lights, \$1,200; tractor, \$1,300; two new wagons, \$120, and more sidewalks and oiling than ever before in the history of the city. At the April session, this week, the treasurer showed a balance of \$3,000 on hand. After the payment of the bills allowed at this meeting and payment of anticipation warrants, there will be left a net balance of over \$500, the best showing that has ever been made by any city administration according to a declaration of one member of the city council. One of the last acts of the present administration was to repeal the ordinance against Sunday baseball.

Why This Store Sells Pianos Cheaper Than Any Other in This Section

We buy pianos and player pianos from one of the greatest manufacturers in the world—the House of Baldwin. This company operates two immense factories at Chicago and Cincinnati. They produce thirty thousand instruments a year. They make every part of every instrument. They have reduced the manufacture of pianos to a science. Big output, complete facilities and systematic economy enable them to produce high-grade pianos at the lowest cost. Their instruments cost us less than any others of supposedly equal grade. We can sell cheaper because we buy cheaper.

We deal directly with the manufacturers. We are, in fact, one of the two thousand distributors that constitute the House of Baldwin. The instruments pass directly from the factory to us. We pay no profits to jobbers or middlemen of any kind. The only amount we pay above the actual cost of making is the manufacturing profit. That is very small because the House of Baldwin prospers through volume of business—not because of exorbitant turnover on each instrument. We can sell cheaper because we do not have to pay several big profits.

We maintain no expensive selling force. Every piano is sold by us. We do not have to pay agents' commissions. We ask you simply one fair profit above the rock-bottom price of the instrument to us. Our personal, simple, individual way of doing business saves many a dollar on every sale, thus enabling us to mark every instrument unusually low.

By coming to this store for piano or player-piano, you can be sure of eliminating all extra profits you can enjoy the many advantages of dealing practically direct with the factory and you can get one of the famous House of Baldwin instruments that are known the world over for artistic excellence, remarkable durability and unequalled all-round value.

### LIBRARY EXTENSION IN THE PUBLIC SCHOOLS

Three years ago a plan to enrich the reading vocabulary of the school children of Jacksonville was formulated. It consisted of a co-operative scheme with the Jacksonville Public Library. The aim was to place in each school room of the grade schools a set of 30 or 40 regular library books, suitable to the age of the children. These books were to consist of folklore, science, useful arts, fine arts, literature, history, travel, biography and fiction.

During the few years of the establishment of this system a large number of books have been read by children in the public schools. Some idea of the magnitude of this work and its beneficial results may be had from the circulation report of March, 1921. It is as follows: Folklore, 283; science, 85; useful arts, 26; fine arts, 8; literature, 139; history, 116; travel, 75; biography, 11; fiction, 425; making a grand total for the month, 1,168 volumes read. This is a particular signi-

ficant factor in the general welfare of the community, but it is also indicative of a very definite training along English lines, as related to the work which the children do in school.

It should be said that many school children read other books, getting them directly from the library, but the circulation plan makes it possible for children who are unable to frequent the library and select their own books, to secure them at their school.

Perhaps it is worth while mentioning, also, that the pupils of the Junior and Senior High Schools read from two to four books each semester. These books in a large measure come from the public library.

This plan of circulation of books in the public schools was one of the objectives of the present school administration and its accomplishments are very noticeable not only in the number of books read, but in the character of the reading ability and information of the children in the grade schools. It is indicative of the fact that the resources of the community may co-operate in such a manner as to be mutually helpful.

It should be stated that those in charge of the work at the public library have given a great deal of time and attention to the right selection and classification of material. This is a great project and one which may well be encouraged by the parents of the school children, as well as by those who are interested in the general training of pupils to make use of every available facility for getting not only necessary information, but also for spending leisure time profitably.

# LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALLY IS

Physiological Action of  
Principal Ingredients of  
Celebrated Medicine On  
the Human System is Ex-  
plained.

SUPREMACY CLAIMS  
WELL SUPPORTED

Many of the Medicinal Ele-  
ments Have Been Known  
and Used Since Civiliza-  
tion First Began.

Tanlac, the celebrated medi-  
cine which has been accomplishing  
such remarkable results through-  
out the country and Canada, is com-  
posed of the most beneficial roots  
and herbs known to science. The  
formula is purely ethical and com-  
plies with all National and State  
Pure Food and Drug Laws. Alto-  
gether, there are ten ingredients in  
Tanlac, each of which is of  
recognized therapeutic value.

Many of these ingredients have  
been individually known and used  
since civilization first began, and  
some of them have been used and  
prescribed by leading physicians  
everywhere, but until they were  
brought together in proper pro-  
portion and association, as in the  
Tanlac formula, humanity had not  
heretofore realized their full value  
and effect.

In referring to one of the more  
important ingredients of Tanlac,  
the Encyclopedia Britannica says:  
"It has been the source of the most  
valuable tonic medicines that have  
ever been discovered." In refer-  
ring to others of the general tonic  
drugs contained in Tanlac, the 13th  
Edition of Potter's Therapeutics, a  
standard medical text book, states  
that "They impart general tone  
and strength to the entire system,  
including all organs and tissues."

This same well-known authority  
in describing the physiological ac-  
tion of still another of the ingredi-  
ents of Tanlac, which is of value  
in treating what is commonly  
known as a "run-down condition,"  
uses the following expression:  
"It is highly esteemed in loss of

appetite during convalescence  
from acute diseases."

There are certain other ele-  
ments in Tanlac which, because of  
their influence upon the appetite,  
digestion, assimilation and elimi-  
nation, improve the nutrition  
and vital activity of the tissues  
and more important organs of the  
body, and produce that state of  
general tonic which is called  
Health.

The United States Dispensary  
makes the following comment re-  
garding another ingredient: "It  
may be used in all cases of pure  
debility of the digestive organs or  
where a general tonic impression  
is required. Dyspepsia, atonic  
gout, hysteria and intermittent  
fever are among the many affec-  
tions in which it has proved use-  
ful."

There are certain other ingredi-  
ents described in the Dispensary  
and in other standard medical  
text books as having a beneficial  
action upon the organs of secre-  
tion, whose proper functioning re-  
sults in the purification of the  
blood streams passing through  
them. In this manner objection-  
able and poisonous ingredients of  
the blood are removed and the en-  
tire system invigorated and vital-  
ized.

Tanlac was designed primarily  
for the correction of disorders of  
the stomach, liver and bowels. At  
the same time, however, it is a  
powerful reconstructive tonic and  
body builder, for it naturally fol-  
lows that any medicine that brings  
about proper assimilation of the  
food and a thorough elimination  
of the waste products must, there-  
fore, have a far-reaching and most  
beneficial effect upon the entire  
system.

Although Tanlac's claims for  
supremacy are abundantly sup-  
ported by the world's leading au-  
thorities, it is the people them-  
selves who have really made Tan-  
lac what it is. Millions upon mil-  
lions have used it, and have told  
other millions what it has done  
for them. That is why Tanlac has  
become the real sensation of the  
drug trade in this country and  
Canada, and that is also why it is  
having the largest sale of any  
medicine of its kind in the world  
today.—Adv.

## YANKS and LEGIONAIRES

Forceful Facts Concerning the In-  
terests of Former Soldiers,  
Sailors and Marines

Germany has over 3,000,000  
war orphans.

"God Save the King" is the  
national anthem of England.  
The new National Guard of New  
York has a force of 17,000 men.

A full division of United States  
soldiers is to be stationed at the  
Hawaiian Islands.

The British navy has a motion  
picture department for the enter-  
tainment of sailors aboard ship.

Yale University is to publish  
one or more volumes dealing with  
its record in the World War.

Great Britain has approximat-  
ely 2,800 officers and 24,000 en-  
listed men in her military air  
forces.

A meeting of the Japan Post of  
the American Legion was recently  
stopped by the police in Tokio.

In Germany, "war criminals"  
are to be tried before the supreme  
court at Leipzig at the beginning  
of May.

Out of every dollar collected  
by the Federal Government in  
taxes, 68 cents is spent for past  
wars (pensions, compensations,  
interest on public debts, etc.).

The secretary of war, in discus-  
sion of the case of Grover Bergdoll,  
the Philadelphia draft dodger,  
said, "We are going to get Berg-  
doll, if it is possible to get him."

While it is estimated that more  
than 4,060,000 veterans in the

World War are entitled to the Vic-  
tory Medal, up to the present time  
only about 1,500,000 have ap-  
plied.

The German army bill, abolish-  
ing conscription and fixing the  
strength of the army at 100,000  
men and of the navy at 15,000  
men, recently was passed by the  
Reichstag.

Nearly 500 former enlisted men  
are among the 748 who held tem-  
porary commissions in the U. S.  
Marine Corps during the war, and  
are now to be given permanent  
commissions.

Every man and woman between  
the ages of 21 and 50 in the State  
of Washington must pay a poll  
tax of \$5 before May 1 of each  
year. The tax will be used to re-  
tire bonds issued for a soldiers'  
bonus.

A hospital to cost \$2,500,000,  
for the treatment of shell shocked  
veterans of the World War, is pro-  
posed in Western Massachusetts.  
It will have accommodations for  
4,000 men, whose homes are in  
Eastern and Northeastern states.

Government allowances to men  
in the United States military  
forces, who have made allotments  
for their dependents, will cease on  
July 31, next. Approximately  
155,000 men, both at home and  
abroad, will be affected by the  
new law.

Of the 22,000 or more bodies  
of American soldiers interred in  
the Argonne cemetery, in France,  
it is estimated that 13,000 will be  
brought home, and those only by  
the request of the parents or next  
of kin of the dead.

Japan is carrying out an "8-8"  
naval program calling for eight  
battleships, eight battle cruisers  
and all the submarines and other  
vessels which go with them. It is  
said their sea strength will equal  
that of the United States navy in  
1928.

In Germany, widespread agita-  
tion has begun for a national day  
of mourning for those who fell in  
the World War. One of the pro-  
posals suggested to the Reichstag  
is that the day of mourning be  
held on the day the peace treaty  
was signed.

In place of colonels, lieutenant-  
colonels and majors, Governor  
John M. Parker of Louisiana, ap-  
pointed three "buck privates" for  
his staff. They are Melius O. Frost,  
Don H. Higgins and Clarke Sal-  
mon, all former newspaper men  
of New Orleans.

Newton D. Baker, former secre-  
tary of war, declined to accept a  
Distinguished Service Medal, for  
which he was recommended for  
service during his administration.  
A Victory Medal is the only decora-  
tion of military character he re-  
ceived.

The "Messenger," a midger air-  
plane, the most recent adjunct of  
the United States air service,  
weights only 581 pounds, and has  
a wingspread of 20 feet. The tiny  
plane develops a speed of 95 miles  
and hour and can climb 10,000  
feet in ten minutes. It makes 25  
miles to the gallon of gasoline.

Of the 10,412 men listed in the  
reserve branches of the medical  
department of the United States  
army, 5,620 physicians are en-  
rolled as medical reserve officers,  
3,472 in the dental reserve corps,  
340 in the veterinary reserve  
corps, and approximately 700 in  
the medical administrative reserve  
corps.

Christian J. Hittner, age 25, of  
Philadelphia, recently received a  
Victory Medal with eight bars.  
His service record in battle was  
during the Somme offensive and  
defensive, Montdidier-Noyon, the  
Aisne, Champagne-Marne, Asine-  
Marne, Oise-Cantigny. He was at-  
tached to the 408th Motor Supply  
Train.

While the now familiar horizon  
blue uniforms of the French army  
have been declared to be unsatis-  
factory by military experts, the  
War Department is to make an-  
other change in her military uni-  
forms. Experiments are now be-  
ing conducted with the object of  
finding a shade approximating to  
that of gun gray.

Because of the valiant part the  
black walnut played in the World  
War, the United States Depart-  
ment of Agriculture has recom-  
mended the planting of black wal-  
nut trees as memorials to Ameri-  
can soldiers. The wood of these  
trees was used for gunstocks and  
airplane propellers, and the nut  
shells contributed carbon for gas  
masks.

More than 100,000 books writ-  
ten on the World War in the six  
and a half years are to be placed  
on the military shelves of the  
French War Museum in Paris, and  
over two and a half miles of  
shelves are needed to contain the  
newspapers and reviews describ-  
ing the war. Not only the allied,  
but the German books and reviews  
are being included in the collec-  
tion.

## HARD TIMES RULE DOWN IN ARIZONA

S. W. Nichols Writes About Con-  
ditions in the Southwest—  
Many Lead Lonesome Lives in  
That Area.

S. W. Nichols, who is at Tomb-  
stone, Ariz., for a period of rest,  
has written for publication the  
following interesting letter con-  
cerning the part of Arizona in  
which he is temporarily located:  
Tombstone, Ariz.

Dear Journal:  
Arizona in general and Cochise  
county in particular are being  
hard hit this season. It has been  
so dry for a long time that cattle  
growers have been obliged to ship  
their stock or see it well nigh or  
entirely starve. Then the mines  
all about here are shutting down,  
as copper is so cheap and abun-  
dant that it hardly pays to mine it  
at present and silver is not what  
it was. Some people will see hard  
times the coming season and are  
to be pitied.

Then the region about Phoenix  
is in very hard lines. It is a cot-  
ton growing country and a few  
years ago, when the white staple  
was so high, cattle were aban-  
doned and cotton was substituted  
and a big crop was baled in time  
to meet the drop in price and lots  
of it piled up all about that part  
of the state. The great Roosevelt  
dam has been an immense advan-  
tage to that part of the state and  
its usefulness is increasing.

Now the matter of restraining  
the Colorado river and making a  
huge reservoir of the Grand Can-  
yon is being discussed. It would  
supply water to irrigate billions  
of acres and furnish a power  
estimated at hundreds of thousands  
of horse power, sending electric  
current all about the state. It may  
be accomplished.

I have been enjoying a few  
rides with Mr. Gilchrist, a gov-  
ernment inspector whose duty it  
is to look up people who have filed  
claims on government lands and  
see that they carry out their  
part of the agreement. It seems  
to me that some people pay a large  
price for their holdings. We vis-  
ited one man who was living  
alone in a one-room shack in or-  
der to hold a section of land. I  
will say one thing for him, his  
home was neat and clean, but he  
had little else to do, as the season  
is so dry he can pasture but a few  
cattle and he is not fixed to pump  
water in any quantity large  
enough to irrigate any land for  
pasture or crop purposes.

It hardly pays to buy grain out  
here. Corn is \$1.65 a bushel;  
cotton seed \$1.85 a hundred. I  
asked a farmer why in the world  
a lot of them didn't get together  
and ship a load of corn from Kan-  
sas City. A pretty good article can  
be bought there for 50 to 55 cents,  
but he said they didn't feed very  
much corn, as cotton seed is  
cheaper, being supplied at Phen-  
ix, not very far away and then,  
he said, they were sort of accus-  
tomed to buying in small quan-  
tities and would hardly consider  
shipping in a car load of grain.

We found a widow with three  
boys and a daughter. One boy,  
probably the oldest, is about 18 or  
19. They live miles from any one  
though the woman said they had  
some pretty good neighbors by  
going far enough. She said she  
was too busy to be lonely. She  
lives right at the end of a can-  
yon and has a wind pump which  
raises water from a not very deep  
well, so she had quite a lot of  
cattle, horses and mules. She had  
been there seven years and seemed  
cheerful. She also has a lot of  
poultry and quite a colony of rab-  
bits. She said sometimes the coy-  
otes would steal a chicken, but  
not very often. She had an un-

pretentious mud brick house, but  
kept it well and was really bright  
and attractive.

Along the principal road,  
though not within sight of any  
habitation, we came across a plant  
called "Jack's Place." It is owned  
and conducted by a grizzled old  
fellow, who has quite a stock of  
goods which he dispenses to trav-  
elers, soda pop being a prominent  
article in his belongings, though  
he had a complete line of house-  
hold supplies and some grain and  
hay. His living apartments  
seemed to be clean and well kept,  
though we suggested that he must  
be lonely and need a woman to  
brighten up things, and he said,  
if we knew any lady back east  
who would work for nothing and  
pay her board we might ship her  
out by freight.

He has recently completed a  
dance hall, which is quite a pre-  
tentious affair. It is built of con-  
crete stones and is really ornamen-  
tal, with large openings for ven-  
tilation. A concrete floor is fine  
for dancing and he rents it for  
fifteen dollars a night, and people  
come from long distances occa-  
sionally to indulge in a dance.  
Then he has a small garage and  
sells gasoline and oil.

Another lonely family was found  
away from everybody. The woman  
was originally a trained  
nurse from Colorado Springs, and  
when Frances said she had been  
there and told of its beauties the  
woman asked her to stop, as it  
made her homesick.

## WHAT TO EAT TO PUT IRON IN YOUR BLOOD AND MAKE YOU STRONG

PHYSICIAN TELLS HOW IRON-CONTAINING VEGETABLES SUCH AS LENTIL  
SPINACH, APPLES, ETC., WHEN REGULARLY TAKEN WITH ORGANIC  
IRON BUILD GREAT STRENGTH AND ENDURANCE

At their own doors—in the very gardens of  
those who are weak, nervous and ailing all the  
time is one of the most valuable tonics and  
strength-builders known to medical science.  
Dr. James Sullivan, formerly physician of  
Cleveland Hospital (Outdoor Dept.) and the  
Westchester County Hospital, New York, when  
asked recently:  
Dr. Sullivan further said:—"If your daily diet  
contains an abundant amount of iron you  
are giving your body the red blood food it  
needs. But if your blood lacks iron and is  
un-pale and watery you cannot expect to be  
strong and well. On the contrary, your nerves  
become weakened and you become irritable,  
nervous and easily upset. In such cases, what you  
need is iron—organic iron to remove the cause  
of your trouble, and the moment organic iron is  
applied it is often wonderful how quickly your  
illitude of symptoms will disappear and how  
strong and vigorous you will become." But be  
careful to distinguish between ordinary metals  
on which people usually take and true organic  
iron. Metallic iron is iron just as it comes from  
the action of strong acids on iron filings, where  
organic iron is a true red blood food, like  
iron in your blood itself and like the iron in  
lentils, spinach and apples. In fact if you will  
eat a pint or two of spinach, half a pint of lentils  
and three or four baked apples each day you  
will probably not need to take any other form  
of organic iron; but most people prefer to get  
smaller quantity of iron-containing vegetable  
and take organic iron, like Nuxated Iron, with  
them. It is like taking extract of beef instead  
of eating pounds of meat. To prove to yourself  
what Nuxated Iron can do for you, get your  
doctor to take a specimen of your blood at  
make a "blood count" of your red blood corpus-  
cles; then take Nuxated Iron for a month or  
have a new "blood count" made and see how  
your red blood corpuscles have increased and  
how much stronger and better you feel. A  
how the color has come back to your cheeks  
how steady and strong your nerves have become.

## Why We Are Strong for Willard

We've seen a lot of batteries,  
but never another like the  
Willard Threaded Rubber Bat-

Threaded Rubber insulates  
the plates instead of separating  
them the way wood separators  
do.

No carbonizing, puncturing,  
checking or cracking, because  
Threaded Rubber Insulation re-  
tains all the valuable insulating  
qualities of rubber and is not  
affected by acid.

That's one reason why we're  
strong for Willard Threaded  
Rubber Batteries.

## RHEUMATISM

A Remarkable Home Treatment

Given by One Who Had It

In the spring of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who have had it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally I found a treatment that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bed ridden, some of them 70 to 80 years old, and the results were the same as in my own case.

I want every sufferer from such forms of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when relief is thus offered you free? Don't delay. Write today.

## R.N. A. OF BLUFFS ELECTED OFFICERS

Wabash Camp Names New Officers at Friday Night Session—Y. L. A. Entertained at Parsonage — Other Bluffs News.

Bluffs, April 8.—The Y. L. A. was royally entertained at the parsonage Friday afternoon with Mesdames May Stickler and Mary Clifton as hostess. Twenty-seven members and visitors were present and a delicious two course luncheon was served by the hostesses.

The Royal Neighbors Wabash

camp 404 met Friday night April 8th and elected the following officers for the remainder of the year.

Oracle—Mrs. Jessie Arnold.  
Vice Oracle—Mrs. Laura Coul-tas.  
Recorder—Mrs. Maude Van-nier.  
Receiver—Mrs. Ada Adkins.  
Chancellor—Mrs. Chas. Berg-ner.  
Marshal—Mrs. Sadie Wills.  
Inner Sentinel—Mrs. Laura Frohwitter.  
Outer Sentinel—Uleta Shaw.  
Managers—Mrs. Emma Thomp-son, Mrs. Mayme Carnes, Mrs. Frank Lyons.

The Past Oracle is to be elec-ted at the next regular meeting.

Installation of officers will oc-cure Friday evening, May 13, 1921.

Ralph Warren and family will move to their new home Chillicothe on or about May 15. Mr. Warren has purchased the movie theater in that city and also a nice modern cottage.

THIRTY NATIONS TO BE REPRESENTED IN NEW YORK WASHINGTON, April 7.—Thirty nations will be represented at the conference of ambassadors and ministers on world trade, to be held in New York May 16-18.

the department of commerce an-nounced today. The conference has been arranged by the national association of manufacturers to enlist the active co-operation of the nation's producers in stabil-izing and stimulating reciprocal world trade and will be the first of its kind in this country.

# High Grade Tailored-to-Measure SUITS NOW ONLY \$38.50 Read and Act

The Hoped For Has Happened

Prices Have Dropped for a Little While at Least

In a recent sale of high-grade Worsteds we bid in a number of patterns at prices which will enable us to sell, at the above figure, a regular three-piece suit made up in our usual good manner. We think there is enough in this lot for from 25 to 30 suits.

These Worsteds are in light and dark patterns, seasonable weights—a genuine Worsted of high grade that will wear well and hold the shape and style in which made up. And in the cutting, fitting and making, every suit will receive our best attention.

**This offer will be snapped up quick-don't delay-get early choice of patterns-may be a long time before we can duplicate this ex-ceptional bargain**

We have realized for along time that people want lower prices on cloth-ing. But how to accomplish it, with wholesale prices so high and many holding off buying, is a puzzle.

We were fortunate in getting word of a big sale and in securing a quan-tity for ourselves. Now, if people are really anxious for pre-war prices and will buy, we can materially increase production thereby lowering costs, and at the average price paid by us can sell this lot at \$38.50 and make a legitimate profit. But, if you are apathetic and enough is not sold to increase production our effort to lower prices is of no avail and we cannot repeat it.

What is Your Verdict?

## Electrolyte Storage Battery

This battery is built without separators, and although you are probably not fa-miliar with battery troubles any well informed and unprejudiced battery man will tell you that 95% of all battery troubles are caused by faulty separators. Every one of these batteries sold is accompanied with an eighteen months guarantee; not an adjustment guarantee from a local dealer but a straight guarantee in writing with the factory back of same, which assures you eighteen months service or free repair or replacement with a new battery.

## Has More Power

The ELECTROLYTE Battery will discharge more power in a short space of time than does any other battery. The proper ELECTROLYTE Storage Battery for your car will deliver at least four times as much power as is ordinarily used for starting your car.

## Improvement

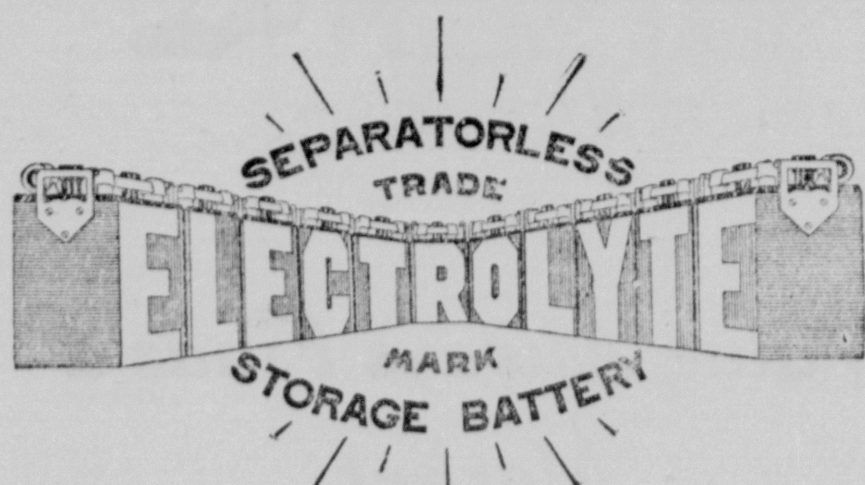

The storage battery is one of the last parts of your automobile to be improved upon. Yet it is one of the most necessary parts to any automobile, and one of the parts that has given the user the most trouble and expense. The great improve-ment made in the ELECTROLYTE Battery keeps you away from battery troubles.

CHAPIN RESIDENTS  
LEAVE FOR NEW HOME

Mr. and Mrs. William Fry to Make Home in Litchfield in Future—Other Chapin News Items.

Chapin, April 7.—Stclair Taylor is making extensive improvements on the house he lately purchased in this town. A large porch, both front and back, add greatly to the appearance of the home. Mr. T. H. Stone is the carpenter in charge.

Mr. and Mrs. William Fry left Wednesday for their new home near Litchfield. Mr. Fry has a position there as manager of three large elevators. We are very sorry to lose such estimable people from our community and church.

Their many friends join in wishing them success and prosperity in their new home. Quite a number of gatherings were given in their honor. An afternoon reception by the Cleaners' Bible class, at the home of Mrs. F. Eller, on Saturday; also at Mrs. B. J. Taylor's Monday afternoon; a breakfast at Dr. F. M. Roberts' Tuesday morning. Mrs. Fry received several tokens of love and esteem from her friends.

Mrs. William Fry entertained at her home last Thursday at 12 o'clock dinner the following ladies: Miss Hattie Bobbitt and Mesdames Roberts, Woodward, Taylor, Kellogg, Hutchens and Heiser. A beautiful dinner was served and thoroughly enjoyed. Misses Anna and Irene Neiman were guests at the supper hour and to spend the evening.

Mrs. Woodward and Mrs. Fry spent the day Friday last at the pleasant country home of Mr. and Mrs. T. H. Stone.

Two large audiences greeted Mr. Crabtree, the pastor of the Christian church, Sunday. One hundred and twenty-four were in attendance at Bible school. Prof. C. L. Leitze is the genial superintendent.

Take Care  
Of Your eyes

The glasses which mother had years ago may not be at all suitable now.

As the years go by, notable changes take place in the mechanism of the eye and an ocular examination should be had every year or so.

Especially when old age creeps on, real injury to the eyes may result from wearing glasses which were prescribed in earlier years.

## BIRTHDAY PARTY FOR LITERBERRY MISS

Sixth Birthday of Allene Young Is Observed in Pleasant Way—Baptist Aid Society Met—Other Literberry Items.

Literberry, April 9.—Allene Young had a birthday Thursday and her mother prepared a nice supper and invited some of the children to help celebrate this important occasion. Fifteen children took part in the games, all playing until they were tired and ready for the refreshments, which consisted of ham sandwiches, salads and saucers, pickles and oysters; second course, fruit salad, chocolate cake, ice cream and candy. In the center of the table was a large angel food cake with pink icing, trimmed with six pretty candles. At the proper time little Allene lighted the candles and after congratulations, blew them out. The children were all given a generous piece of this delicious cake and there was still some left for the older people. Allene also received a number of presents, consisting of pretty ribbons, handkerchiefs, gold pins, fancy articles and a pot of old fashioned, fragrant pansies.

Those present were Harold Lee Daniels, Freida May Daniels, Audrey McFarland, May White, Irene Thompson, Catherine Thompson, Eugene Young, Alden Earl Rexroat, Billy Gene Underbrink, Blanche Ratliff, Helen Mullens, Betty Rolf, Leland Rolf, Mardell Chapman.

The children are asking, "who has the next birthday?" Allene is talking now about school and thinks she is plenty old enough and big enough to start to Literberry college.

James Robert Beavers, lately returned from a stay in California, made us a visit and told of the trip going out and coming home; of the nice warm country, the splendid fruit, the schools, the interesting people, and many other things that were well worth hearing. We enjoyed his visit very much.

Mrs. Lizzie Coons of St. Louis, came to Literberry Wednesday for a visit with friends.

Sunshine Cottage and buildings are being all nicely painted in white. Jesse Litter and Dot McFarland are doing the work.

Mrs. M. M. Crum was a visitor in our town Thursday.

Harry Ogle and family were in our town calling on friends and relatives Thursday evening.

Uncle Jackson Henderson is quite poorly at this writing.

The Ladies' Aid of the Baptist church met at Maple Mound Thursday afternoon, with Mrs. W. W. Young hostess.

Twenty-five members were present and some visitors. Mrs. Rexroat read the 91st Psalm. America was sung and the Daniels sisters offered prayer. There was a business session, reports, some letters read and acted upon, and a good talk given by the president, who requested better work spiritually in the society. She also spoke of the need of a pastor, for "every fold needs a shepherd."

she also asked some important questions of her members, of which a part were:

What is Christian character?

What are you doing to give a good influence to those around you?

Are you praying for a pastor?

What is prayer?

Does environment affect the young?

Are you a Bible reader?

After the benediction there was a short program:

Mrs. C. A. Beavers read a good piece entitled, "The Heart of Springtime," composed by Rev. Samuel C. Derry, a good reading on the springtime of the soul and the Easter resurrection, closing with these lines:

"It fortifies my soul to know That tho I perish, truth is so."

Miss Eleanor Guy gave "The Ladies' Aid," in the new version. This was a recitation.

A two-course luncheon was served, which was of the very best.

Mrs. Young was assisted by Mrs. Thorne and Mrs. Young from Jacksonville and Miss Mildred Underbrink and Miss Eleanor Guy.

Offering, \$4.35.

## MURRAYVILLE LADIES AID TO PRESENT PLAY

Three Act Drama, "An Old Fashioned Mother" to be Given April 14 and 15—The Story of the Play.

Murrayville, April 8.—"An Old Fashioned Mother" is the title of a three-act drama to be given by the Ladies' Aid society of the M. E. church of Murrayville, in Carlson's hall Thursday and Friday evening April 14 and 15.

The play is a parable of a mother's love triumphant over the ingratitude and neglect of her children, and is arranged as a drama in three acts. The action of the play takes place in the tiny village of Canton, N. Y., the scene of the entire action being laid in the front "settling room" of Aunt Deborah Underhill's farm house. Aunt Deborah is a blessed old Saint in Israel, nearly seventy years old, the widow of a deacon and the mother of four boys and two girls. All of the children however, have married and moved away from the old home with the exception of John and Charley.

John is the youngest, and the idol of his mother's heart. He is led astray by evil companions and they find in him a weak and subservient tool for their misdeeds.

The play opens with a rehearsal of the village choir with numerous interruptions from Jeremiah Gosling, a comical country boy always trying to swop something, and from Miss Lovely Custard, the romantic old maid who is anxious to recite her original poetry. John breaks up the meeting by bringing home a poor exhausted tramp whom he had found sick and starving by the wayside. Aunt Deb, cites the parable of the Good Samaritan and gives aid to the wanderer. The tramp tells the story of his life ruined by drink and Aunt Deb gives him money to return to his home in Buffalo. John is much impressed by the tramp's story and vows never to drink another drop of liquor while he lives.

Charley, the elder brother brings his fiancée in for tea and the happy family is just about to begin the evening meal when an ominous knock is heard at the door. Gloriana, the faithful help opens the door and admits the Sheriff. John is arrested despite his innocence and dragged away to jail.

Three years pass and no word has been heard from John, altho his innocence has been proved and he has been released from jail. Charley persuades his mother to mortgage the old home in order to give him a start in the city. It is a snowy winter's night and as Aunt Deb sits at the old melodeon singing "Where Is My Wandering Boy Tonight?" John appears in the doorway but does not allow his mother to see him. A merry sleighing party arrives bound for the singing school and the household join the party.

John totters in, a starving homeless tramp. He is about to steal his mother's savings when Enoch Rone the tramp of act 1, but now a prosperous merchant, intercepts him in a dramatic scene between the two men, starts John for Oklahoma and a new life.

In the third act Aunt Deb is bound for the poor house but is saved from the disgrace by the arrival of her son, John, a prosperous zinc miner in Oklahoma. Miss Custard the old maid who recites, and Jerry Gosling the country boy are great comedy parts and keep the audience in roars of laughter all the time they are on the stage while Aunt Deb, John and Enoch Rone, three dramatic parts that offer great opportunity for ambitious amateurs to make a "hit" with their audience.

Following is the complete cast of characters: Deborah Underhill, a mother in Israel (Mrs. W. B. Wright).

Widder Bill Pingle, leader of the choir (Mrs. Maude Rimbey).

Miss Laviny Lovelny Custard, plain sewing and gossip (Miss Helen Rousey).

Isabel Simpsett, the village belle (Mrs. George Solomon).

Gloriana Lewis, as good as gold (Mrs. Susan Carlson).

Sukeey Pingle, the widder's mite (Mrs. Ruth Fuller).

John Underhill, the prodigal son (Roy Carlson).

Charles Underhill, the elder brother (George Kennedy).

Brother Jonas Quackenbush, a white sepulchre (J. H. Fuller).

Jeremiah Gosling (Jerry), a merry heart (Carl Rousey).

Quintus Todd, the county sheriff (James Solomon).

Enoch Rone, an outcast and wanderer (Samuel Jones).
